ACKNOWLEDGEMENTS

I would first like to express my heartfelt thanks to my supervisor Dr. S. N. Hiremath for all the support, guidance and encouragement he gave me right from inception of this idea of pursuing Ph. D. till achieving the final goal. I could not have imagined having a better advisor and mentor for my Ph.D, and without his knowledge & perceptiveness I would never have finished. His advice on both research as well as on my career have been invaluable. I feel it was a great privilege to work under his supervision.

I would like to express my special gratitude and thanks to my advisor Professor Dr. N. Devanna for being a fabulous tutor for me. I would like to thank him for encouraging my research and for allowing me to grow as a research scientist. Without his guidance and constant feedback this PhD would not have been attainable. This thesis is a result of the valuable time that he spared for me.

I would like to convey my sincere thanks to Dr. S. J. Surana, R C Patel Institute of Pharmaceutical Education and Research, Shirpur, Maharashtra for allowing me to avail the institute facilities for my Ph D work.

I would like to thank management of Pravara rural education society and Principal, College of Pharmacy (for women), Chincholi, Nasik, for their kind support.

I wish to express my sincere thanks to Dr. K. Rama Naidu, Director of Evaluation, JNTUA, Ananthapuramu, to process timely the research related tasks.

It is a pleasure to express my gratitude whole heartedly to Dr. S. V. Sathynarayana, Director, Research & Development, JNTUA, Ananthapuramu, to process timely the research related tasks and for their kind support in doing their needful in administrative aspects.

I gratefully express my sincere thanks to Dr. K.B. Chandrashekhar, Director, JNTUA-OTPRI, Ananthapuramu, for his continuos support, encouragement and valuable suggestions.

I owe many thanks to Mrs. Radha Rani, for her kind warmth and thoughtful support provided to me, throughout the process of submission.
I wish to acknowledge the cooperation extended by Mr. Suhas Nandurikar, Chem House Marketing, Mumbai and Ms. Jayanti Gokhale, Ph D Scholar, R C Patel Institute of Pharmaceutical Education and Research, Shirpur, Maharashtra for their encouragement and help.

I feel proud and acknowledge my lovable thanks for all my friends, especially Mrs. Sangita Bhandare, Mrs. Gunjan Sharma, Mrs. Vrushali Sawant, Mr. Sachin Kushare, Mrs. Kaveri vaditake and all other colleagues for contributing me with their help, valuable time and cooperation in many ways throughout the dissertation work.

A special thanks to my family. I am greatly indebted to my family members for their whole hearted support and praise. Without their encouragement and understanding it would have been impossible for me to complete this work. Words cannot express how grateful I am to my mother-in law, father-in-law, brother-in-laws, sister-in-laws, my brother and father for all of the sacrifices that they made on my behalf. Their prayer for me was what sustained me thus far. I would also like to thank to my beloved husband, Mr. Manoj R Akul. Thank you for supporting me for everything, and especially I can’t thank you enough for encouraging me throughout this experience. I deeply miss my mother Mrs. Alka Vinod Baviskar, who is not with me to share this joy.

I humbly dedicate this research work to my parents and, my family members, who always remain a source of inspiration in my whole life for taking up challengeable work.

At the last I am thankful to everyone those who have been directly and indirectly associated with my work and their kind help extended to me during my studies and bringing out this difficult research study.

Finally I thank God for letting me through all the difficulties. Thank you, Lord.

Anagha V. Baviskar
