ACKNOWLEDGEMENTS

Dear Lord,

As I thank YOU for the gift of life, I also thank YOU for the wonderful people I met along this journey; some of them inspire me, stretch me, challenge me, love me and encourage me all of them helped me realise how meaningful and beautiful my life is.

Sometimes it is hard for me to understand what you really want to happen but I trust YOU. I know YOU will give me what is best. Thanks for planting the seeds of Knowledge and Wisdom which helped me to pursue my biggest dream in life to be a Doctorate.
I cannot begin without my gratitude to my mother Suma Tonse who is my friend, philosopher and a guide who channelized all my energies into the right direction be it academic or spiritual. She is my first Guru in true sense channelizing my perceived intelligence to have much higher goals than my capabilities.

I am also grateful to my brother Arun Tonse for his prompt inspirations, timely suggestions with his kindness; enthusiasm and dynamism have enabled me to complete my thesis.

It is a genuine pleasure to express my deep sense of thanks and gratitude to my mentor, philosopher and guide Dr. Rajesh Kumar Srivastava - Department of Commerce and Management - Sydenham Institute of Management Studies, Research and Entrepreneurship Education, University of Mumbai, Mumbai. His dedication and keen interests above all his overwhelming attitude to help his students had been solely and mainly responsible for completing my work. His timely advice, meticulous scrutiny, scholarly advice and scientific approach have helped me to a very great extent to accomplish this task.

I also thank all my friends who have more or less contributed to the preparation of this project report. I will always be indebted to them.

This study has helped me to explore more knowledgeable avenues related to my topic and I am sure it will help me in my future.

Thank You!
