ACKNOWLEDGEMENT

I express my profuse gratitude to Dr. N. Leelananda Rao, Professor and Head of the Department of Applied Geology, University of Madras, for showing utmost care and concern for me especially in my academic pursuit. I thank him for his constructive criticism and constant encouragement throughout the course of my research.

I am grateful to Dr. B. Rukmangada Reddi, Reader, Department of Applied Geology, University of Madras, for his valuable guidance and supervision throughout the course of my research work.

I thank Dr. V. Venkatachalapathy, Professor and Head of the Department of Geology, Mysore University, Mysore, for providing D.T.A data of the clay samples.

I am also grateful to the Chairman, Neyveli Lignite Corporation, Neyveli, Tamil Nadu, for granting me the necessary permission to visit the mine area to collect the samples and to take photographs of the mine area. My thanks are also due to members of the staff of the Geology Wing of the Neyveli Lignite Corporation, for their constant help during my visits to Neyveli.

I express my gratitude to Dr. D. Jayakumar,
for his continual help and support during the course of my research work. My thanks are also due to Dr.S.C.Jacob and Mr.P.Periaakali for their assistance.

My thanks are also due to Mr.N.K.Samiraj for preparing the micro-sections; to Mrs.B.M.Indira Devi and R.Uma for drafting the figures and to Mr.S.Karunamurthy for typing the thesis and to Mr.T.Loganathan for photographic assistance.

I thank the Vice-chancellor of the Perarignar Anna University of Technology, Madras, who was very kind enough to permit me to be a part-time research scholar in the Department of Applied Geology, University of Madras.
