This thesis would not have seen the light and publications so fast and so well without the Divine Blessings of the Almighty God. Thank you Dear Lord, for answering my prayers and for giving me the strength to plod on despite my continuous wanting to give up.

All my life I kept my dreams,
Tucked somewhere deep inside;
Till one by one you pulled them out,
With none left there to hide.
You pointed to my deepest dreams,
You told me I should try;
Then gently told me I had wings,
And showed me how to fly.
Then somehow you reached in my heart,
Made words flow like a stream;
With loving inspiration,
You became part of the dream.
I never would have dreamed my dreams,
They would never have come true;
Those dreams would not be realized,
If God had not sent you.

At the outset, I would like to record my utmost gratitude to Dr. Gursaran, my able Supervisor, for advising and guiding me from the very early stage of this research. His wide knowledge and logical way of thinking have been of great value for me. His ever understanding, encouraging and personal guidance have provided a good basis for the present thesis. I am extremely grateful for his detailed and constructive comments, and for his tremendous support throughout this work. I gratefully acknowledge his supervision, and crucial contribution. His involvement and his meticulous ideas has triggered and nourished my intellectual maturity that I will benefit from, for a long time to come.

I gratefully acknowledge Professor Ravinder Kumar and Dr. A. P. Tyagi, Department of Mathematics, DEI, for their useful advices and crucial contributions which formed the backbone of my research and this thesis. Their involvement, triggering and nourishing my intellectual maturity, will benefit me for a long time to come.
Many thanks also go to Professor Arun K. Sinha and Professor S. P. Singh, Department of Mathematics, D.E.I., for taking keen interest in my work. I am much indebted for their valuable advices and useful discussions on my work.

I am especially indebted to Professor V.G. Das, Director, DEI, for their kind help and encouragement during my research work.

I would like to express my gratitude to Professor L. D. Khemmanl, Head and Dean, Department of Chemistry, Faculty of Science, and Professor Satish Kumar, Head, Department of Physics and Computer Science, D.E.I, for their kind encouragement and inspiration during this work.

I would like to thank my teachers Professor Sambhu Sharma, Professor D. Pandey, Professor Gunjan Agarwal, and Dr. Kamal Srivastava for motivating me to pursue a research career and for their kind deliberation.

I tend my humble thanks to Professor Arun K. Sinha, Head, Department of Mathematics, DEI who gave me the opportunity to work with complete freedom in the department and gave me untiring help and support during my difficult moments.

We are extremely grateful to the University Grants Commission for the Major Project Grant F.No. 36-70/2008 (SR) for providing me financial support in the form Project Fellowships during my Ph.D. work. It has been a great help and enabled me to remain focused and concentrated in the academics.

I am very thankful to my friends and Fellow Researchers Dr. Lotika Singh, Mr. Mohit Prasad, Mr. Pushpendra Kumar, Ms. Drarna Satsangi, Ms. Khushboo Agarwal, Mrs. Nija Kaura, Mr. Sunil Pratap Singh, Mr. Jitendra Sharma, Mr. Chandresh Yaday, Mr. Yogendra Singh, Mr. Ram Aasre Rajpoot, Ms. Mahima Kapoor for their support and encouragement. I am also thankful to all those who helped me directly and indirectly during my research work.

How can I forget at this juncture my loving family for giving me the encouragement, moral support and will to pursue what I believed. My father, Sh. Satya Prakash Sharma supported and guided me whenever I went through any tough situation during the research work. Mrs. Krishna Sharma, my mother has been the constant source of love and kind support. My heartfelt appreciation goes to my Wife Abhilasha Pachauri, for giving me
strength of character to lead a righteous life. I would like to convey my love to my sweet son, Dhruv and niece Aayushi. I thank them for constantly supporting me over the years in pursuing this important task.

Last but not the least I thank all others who directly or indirectly helped me in the realization of this thesis. At the same time I express my apology for failing to mention their names here.

*I would thank you from the bottom of my heart, but for you my heart has no bottom.*
