

## ACKNOWLEDGEMENT

The author is very grateful to the **Research Coordinator**, ToCH Institute of Science and Technology, and **Director Research**, Anna University Chennai, for permitting him to undertake this research. The author shows his whole-hearted thanks to his supervisor **Dr. Varghese Paul**, for his invaluable guidance, stimulating encouragement, unceasing enthusiasm and the thorough explanations he gave him during the course of this research work. With deep sense of gratitude, the author sincerely thank **Dr A. Unnikrishnan**, Associate Director, Naval Physical and Oceanographic Laboratories (NPOL), Kochi for his valuable suggestions during the course of this research.

The author extends his wholehearted thanks to **Dr. P.Marichamy**, Dean, PSR Engineering College, Sivakasi and **Dr. George Varghese**, Professor, Department of Electrical Engineering, Nizwa College of Technology, Nizwa, Oman, for their valuable suggestions and constructive criticism in this research. The author wishes to thank **Dr. G. Raju**, Head of the Department of Computer Applications, Kannur University, for his support in algorithm development.

The author expresses his thanks to every staff member of Govt. College of Engineering, Cherthala for their innumerable support. Finally, the author extends his utmost thanks to his family for their love and constant support.

Above all, the author ascribes all praises to the ALMIGHTY whose blessings have come throughout his life.
