ACKNOWLEDGEMENT

Research is something from which we learn and also give new knowledge. The satisfaction that accompanies the successful completion of my task, would be incomplete without mentioning the persons who made it possible and whose constant guidance and encouragement crowned all efforts with success.

At the very outset. I bow to merciful almighty God. The supreme father in all reverence and also bow to my Pujyaniya Gurudev Shri Ram Sharma Acharya Ji and Vandaniya Mata Ji, by whose blessing and bonevolence. I was motivated to take up this hectic exercise and managed to carry it to completion.

After God, I express my deep sense of gratitude to my supervisor. Dr. (Mrs.) Uma Tandon, for encouraging me to work on this topic. Without her help this work not have been possible. Her able guidance, direction and suggestion have helped to give this work its present form.

I am highly obliged to all the teachers of various institution who have helped me in collecting the necessary data for research, I also thank the Director and Principals of Different Institutions who
permitted me to collect data from his Institutions.

I would be doing great injustice if I do not mention the sacrifice made by my family. I am deeply indebted to my parents Mr. A.L. Agarwal and Mrs. Saroj Agarwal who are my chief source of inspiration. They have always increased the strength of my soul amidst unprecedented problems. It is my fortune to express my gratitude from the core of my heart to my sister Pragya Agarwal (Lecturer, Deptt. of B.Ed., V.S.I.P.S., Kanpur) who supported me throughout physically and mentally both.

My Husband Mr. Arun Rajput deserves a special word of thanks. He always motivated me to complete this work. The final proof, printing and binding was possible by my typist Mr. Rajiv Gaur, special acknowledgement to him and his team.

In the end I wish to thank all others, who have in any way helped me, to complete this work and whose name, I can not mention individually.

Thanks to all.
