MISCIBILITY, PHASE BEHAVIOR, MORPHOLOGY AND MECHANICAL PROPERTIES OF LIQUID RUBBERS TOUGHENED EPOXY RESIN

Thesis submitted to the Mahatma Gandhi University in partial fulfilment of the requirements for the award of the degree of

DOCTOR OF PHILOSOPHY

in Chemistry

under the Faculty of Science

by

RAJU THOMAS

(Department of Chemistry, Mar Thoma College, Tiruvalla)

Supervising Teachers

Prof. (Dr.) Sabu Thomas C Chem FRSC
School of Chemical Sciences
Mahatma Gandhi University
Priyadarshini Hills P.O. Kottayam
Kerala, India - 689 560

Dr. Jacob Abraham
Department of Chemistry
Mar Thoma College, Tiruvalla
Kerala, India - 689 103
