Index

\(\alpha\)-Laplace distribution, 9
Alternate probability generating function, 4, 125
Asymmetric Laplace distribution, 5
Autoregressive moving average processes, 12, 95
Autoregressive processes, 10
Conditional least square estimates, 16, 56, 78
Convolutions, 3, 14–16, 47–49, 52, 53, 57, 58, 63, 68, 84, 85, 87–89, 96, 97, 114, 115, 117, 124
Discrete self-decomposability, 3, 13
Discrete stable-Linnik distribution, 14, 17, 125
Discrete stable-Linnik processes, 125
Exponential power distribution, 7, 29
Exponential tailed, 50, 68, 88, 94
Financial modelling, 2, 5, 42, 94
Gaussian non-Gaussian processes, 14, 16, 85, 86, 128
Gaussian processes, 1
Generalized normal-Laplace distribution, 87
Generalized normal-Laplace processes, 16, 88, 92
Geometric asymmetric Laplace distribution, 17, 102
Geometric asymmetric Laplace processes, 104, 106
Geometric infinite divisibility, 4
Geometric normal-Laplace distribution, 14, 17, 107
Geometric normal-Laplace processes, 109
Geometric semi stable-Linnik distribution, 14, 120
Geometric semi stable-Linnik processes, 121
Infinite divisibility, 4, 116
Integer valued processes, 12, 115
Laplace distribution, 2, 7
Linnik distribution, 9, 114
Linnik tailed, 118
Moment estimates, 16, 36, 77, 92
Non-Gaussian processes, 1
Normal distribution, 7
Normal-Laplace distribution, 16, 63, 124
Normal-Laplace processes, 16, 67
Probability generating function, 3, 124
Self-decomposability, 3, 67, 116
Semi $\alpha$-Laplace distribution, 9
Semi stable-Linnik distribution, 117
Semi-self-decomposability, 3
Semi-stable distribution, 8
Skew Laplace distribution, 5, 47
Skew Laplace processes, 49, 52, 53, 57
Skew-Laplace distribution, 15
Slash $t$ distribution, 10
Slash Cauchy distribution, 41
Slash exponential power distribution, 14, 15, 31, 39
Slash Laplace distribution, 14, 15, 33, 37, 40, 42, 80
Slash normal distribution, 10, 29
Slash normal-Laplace distribution, 80
Stable distribution, 8, 114
Stable non-Gaussian processes, 14, 17, 128
Stable-gamma distribution, 122
Stable-gamma processes, 124
Stable-Linnik distribution, 115
Stable-Linnik processes, 118
Time series modelling, 2
