Acknowledgement

Firstly, I would like to express my sincere gratitude to my Guide-supervisor Dr. R. Ponraj, Assistant Professor, Department of Mathematics, Sri Paramakalyani College, Alwarkurichi, for the continuous support for my Ph.D study and related research, for his patience, motivation, and immense knowledge. His guidance helped me throughout my research and also in writing the thesis. I deem it as Almighty’s grace to bestow me with such an advisor and mentor for my Ph.D study.

Besides my Guide, I would like to thank my Co-Guide Dr. R. Kala, Professor, Department of Mathematics, Manonmaniam Sundaranar University, Tirunelveli, not only for her insightful comments and encouragement, but also for the hard questions which incented me to widen my research from various perspectives.

My sincere thanks and heartfelt gratitude is also due to Dr. J. Paulraj Joseph, Professor and Head, Dr. S. Somasundaram, Professor, Dr. T. Tamizh Chelvam, Professor, Department of Mathematics, Manonmaniam Sundaranar University, Tirunelveli, who provided me an opportunity to join their team as intern, and who gave access to the laboratory and research facilities. Without their precious support it would not be possible to conduct this research.

My sincere thanks also goes to Dr. G. Devarajan, Secretary, Dr. M. Sundaram, former Principal, and Dr. R. Venkatraman, Principal, Sri Paramakalyani College, Alwarkurichi, for their continues support, valuable comments and suggestions.

Last but not the least; I would like to thank my family and all those who had supported me spiritually throughout writing this thesis and my life in general.

M. Maria Adaickalam
