Dr Radhey Shyam, Regional Officer, U. P. Pollution Control Board, Kanpur, Mr. K L Sachan, Senior Resident Engineer, Jal Nigam, Kanpur, Dr Arti Lal Chandani, Medicine Department, Medical College Kanpur and Dr Sucheta Upadhyya, Vanasthali Vidyapith, Rajasthan for helping me to get related information and data. It would be remiss not to express my sincere thanks to them. I would like to thank the librarians of Central Library BHU Varanasi, Allahabad University Allahabad, IIT Library Kanpur and JNU Library Delhi for their support.

I remain indebted to Mr. Manish Agrawal, Manager, Guru Har Rai Academy who has shown his keen interest since inception of the research topic and provided the needed academic support for the completion of my work. He has been constant support, source of inspiration and encouragement. I have no words to express my gratitude to the Management of Guru Har Rai Academy for the Academic support provided to me during my research work.

I am grateful to my Husband Mr. Sanjay Singh from the core of my heart, who has relieved me from the household liabilities and imparted moral and financial support in accomplishing my work. I would also like to acknowledge my younger son Arvind Singh, without his support it would not have been possible to continue my work. He has not only assisted me in field work, photography, data analysis but also provided technical assistance and my elder son Bhagwat Saran Singh for his words of motivation that he has given time to time that helped me to move forward and complete my research work even being away from home. I would like to give my special thanks to Mr. Yogendra Gautam who rendered his support and efforts in collection of data and provided important information on crucial moments.

I am grateful to all those who have directly or indirectly rendered their help and support time to time and in the last but not the least, I owe a special thanks to Mr Vipul Srivastava for his service regarding the present shape of this Ph D thesis.
