ACKNOWLEDGEMENTS

The research in any field is exciting as well as very much challenging. I wish to record the invaluable contributions of all those individual who helped me throughout in the selection of topic, collection of data, analysis of data, and in finalizing the manuscript by providing guidance, advise, critical suggestions, supports and assistance to accomplish my task.

I wish to express my heartfelt thanks and deep sense of everlasting gratitude Prof. Sangeeta Shukla, Vice-Chancellor, Jiwaji University, Gwalior and to my mentor and research supervisor Dr. Rajender Singh, Director, Physical Education, Jiwaji University, Gwalior for his valuable and efficient guidance, encouragement, support, constructive suggestions and valuable advice given in formulation and successful completion of this research work. His dynamism, vision, sincerity and motivation have deeply inspired me. I am thankful to Dr. Keshav Singh Gurjar, HOD, SOS in Physical Education & Sports Sciences for providing all facilities at research centre.

I am extending my heartfelt thanks to Dr. Santosh Singh, and other members of family for their kind help being extended in the completion of this work.
I would like to express my special thanks to Dr. Pradeep Kumar, Asst. Professor, Dept. of Physical Education and Sports, Veerbhumi Govt. P.G. College, Mahoba; Uttar Pradesh for being very co-operative, helpful and helping in the smooth conduct of research work. I am grateful to him for his valuable suggestions being provided in the research work from time to time.

I would like to owe my gratitude to Director of society Ashiana Town Bhiwadi, who allowed me to conduct camp and collect the data and giving the required facilities needed in research at the time of data collection.

My sincere gratitude to Anita Rawat and her husband for being the yoga trainers for helping in my research as and when I needed them, my deep gratitude to Ekta Tiwari for helping in conducting aerobic training programme.

I would like to thank the librarians of Jiwaji University, Gwalior, and Lakshmibai National Institute of Physical Education, Gwalior, for helping me in providing the related literature from their respective libraries.

I also would like owe my special thanks to Mr. Monu Kumar, Mr. Anil, Mr. Amit Pradhan, Mr. Rinku, Johnson, sisters Miss. Rajini Singh, Miss Priyanka Singh, Mrs. Susheela and Mrs. Sunita Singh for great support in pursuing higher studies.
I also want to place it on record the contributions and support being provided by Dr. Nibu R Krishna, Dr. Preeti Sharma, Asst. Prof. Reeta Bora, Dr. Deepshikha Baisla, Dr. Aliya Fayaz, Dr. Susheel Kumar, Dr. Sanjeev Kumar, Dr. Avishesh Kumar Singh, Mr. Baljeet Singh, Dr. Rajveer Singh, Mr. Arvind Singh, Mr. Prabal pratap Singh, Mr. Lokendra Hada and Mr. Ankur Mundan from time to time in the completion of the research work. I am very much thankful to my family members, relatives and my friends for their sincere wishes and moral support, without which it would have not been possible for me to accomplish this research work.

Last but not the least I wish to sincerely acknowledge the great contribution being made by Mr. John Singh Pal in correcting mistakes in the manuscript of my thesis and guidance provided in making graphs. I wish to also thank all the subjects who took active part in the experimental work of my research and without their support it would have not been possible to obtain data for analysis.

(S.K.)
