Rinoy Varghese, Dr. Bindu. T. Abraham, Ms. Sujatha, Ms. Harsha H.T. and all other Research Scholars and M.Sc. and M.Phil. students of School of Environmental Sciences, Mahatma Gandhi University, Kottayam, for their whole hearted co-operation and support in bringing the thesis into the visual spectrum.

I am thankful to the Mahatma Gandhi University, for providing financial assistance for this study through the award of the University Research Fellowship.

I am very much indebted to my parents for their inspiration and moral support given for the completion of the work successfully. None of the efforts would have been possible without the encouragement, patience and understanding of my husband, Dr. J. Suresh Kumar, Asst. Professor, College of Engineering, Amrita Deemed University, Amritapuri. I would like to place on record to express my gratitude to my brother, Mr. Raju Pillai, Sister, Mrs. Vijayasree and their children Ms. SreeLekshmi and Ms. SreePriya for their support and encouragement extended to me. I am grateful to all my family members for their timely help and prayers.

Finally, I owe my sincere thanks to one and all of those who have helped me directly or indirectly for the fulfilling this long cherished ambition.

Above all, I am grateful to the grace showered upon me by the “God Almighty” during this endeavor.
