Chapters

1 INTRODUCTION ................................................................. 1-19
   1.1 Introduction ................................................................. 2
   1.2 Statement of the Problem ............................................. 6
   1.3 Significance of the Study .............................................. 8
   1.4 Scope of the Study ....................................................... 10
   1.5 Objectives of the Study ............................................... 11
   1.6 Hypotheses of the Study ............................................. 11
   1.7 Methodology .................................................................. 12
       Research Design .......................................................... 12
       Sample Design ............................................................ 13
       Data Collection ........................................................... 15
       Data Analysis .............................................................. 16
       Period of the Study ....................................................... 17
       Limitations of the Study ............................................. 18
   1.8 Presentation of Report ................................................ 19

2 REVIEW OF LITERATURE ............................................... 20-70
   2.1 Introduction ................................................................. 21
   2.2 Studies Conducted in India .......................................... 21
   2.3 Studies Conducted in Kerala ....................................... 52
   2.4 Studies Undertaken Aboard .......................................... 59
   2.5 Conclusion ................................................................. 70

3 SMALL SCALE WOMEN ENTREPRENEURSHIP IN READYMADE GARMENT INDUSTRY—AN OVERVIEW ............................................. 71-145
   3.1 Introduction ................................................................. 72
   3.2 Empowerment of Women by Entrepreneurship ............ 75
   3.3 Concept of Women Entrepreneurship ........................ 76
3.4 Evolution of Women Entrepreneurship .......................................................77
3.5 Importance of Women Entrepreneurship .....................................................78
3.6 Development of Women Entrepreneurship ...............................................79
3.7 Entrepreneurial Opportunities for Women ...............................................83
3.8 Ready made Garments Industry-A new outlet of Textile Industry ..........85
3.9 Concept of Readymade Garments .............................................................86
3.10 Evolution of Readymade Garments Industry in India ..............................89
3.11 History and Development of Readymade Garment Industry .................92
3.12 Women Entrepreneurship in India ............................................................96
  3.12.1 Evolution of Women Entrepreneurship in India .............................98
  3.12.2 Growth of Women Entrepreneurship in India.............................100
  3.12.3 Need for Institutional Support for Women Entrepreneurship ......101
3.13 Women in the Small Scale Sector in India ..............................................112
3.14 Readymade Garments in the SSI Sector in India ....................................114
3.15 Women Entrepreneurship in Kerala .........................................................115
  3.15.1 Evolution of Women Entrepreneurship in Kerala .........................117
  3.15.2 Growth of Women Entrepreneurship in Kerala ............................117
  3.15.3 Women in the Small-scale Sector in Kerala ..................................122
  3.15.4 Women Industrial Program in Kerala ...........................................125
3.16 Readymade Garment Industry in Kerala ...............................................132
  3.16.1 Readymade Garment Industry -The Trust Area............................134
  3.16.2 Readymade Garments in the Small Scale Sector in Kerala ..........137
  3.16.3 Role of Women in the Garment Industry ......................................143

4 WOMEN ENTREPRENEURSHIP IN READYMADE GARMENT
   INDUSTRY-AN ANALYSIS ....................................................................146-304
4.1 Introduction .............................................................................................147
4.2 Profile of respondents ............................................................................148
  4.2.1 Age wise Classification of Respondents ........................................149
  4.2.2 Marital status of Respondents ......................................................150
  4.2.3 Educational Background ..............................................................151
  4.2.4 Economic Background .................................................................152
  4.2.5 Previous Experience of the Entrepreneurs ...................................153
4.3 Enterprise details of Sample Units .........................................................155
  4.3.1 Period of Establishment of Sample Units ....................................155
  4.3.2 Location of Business ..................................................................157
  4.3.3 Nature of Organisation .................................................................158
4.4 Impact of Socio-economic factors for promoting the growth of 
Women Entrepreneurship in Readymade garment industry .................161
4.4.1 Average monthly sales turnover of respondents on the basis 
of different age group ...........................................................................161
4.4.2 Average monthly sales turnover of respondents on the basis 
of marital status of women entrepreneurs ...........................................165
4.4.3 Average monthly sales turnover of respondents on the basis 
of different educational background ......................................................169
4.4.4 Average monthly sales turnover of respondents on the basis 
of experience of women entrepreneurs ...................................................172
4.4.5 Average monthly sales turnover of respondents on the basis 
of economic background of women entrepreneurs ..............................176

4.5 Motivational factors and supportive services of government and 
financial institutions for promoting the development of women 
entrepreneurship in readymade garment industry ..................................181
4.5.1 Prime motivators in starting the Readymade garment units ...... 182
4.5.2 Factors influencing the idea of starting the readymade 
garment units ......................................................................................183
4.5.3 Reasons for choice of readymade garment industry ................. 185
4.5.4 Facilitating factors influencing the choice of Readymade 
garment industry ..................................................................................186

4.6 Government supportive services for the development of women 
managed Readymade garment industrial units in Kerala ....................188

4.11 Marketing

4.11.1 Market area coverage of the readymade garment units

4.11.2 Distribution channels of Readymade garment units

4.11.3 Nature of demand of Readymade garments

4.11.4 Market Competition in readymade garment units

4.11.5 Sales promotion techniques adopted by readymade garment units

4.11.6 Media used for advertisement of readymade garments

4.11.7 Sales performance of readymade garment units

4.11.8 Nature of marketing problems of women entrepreneurs in readymade garment units

4.12 Production

4.12.1 Main products of ready-to-wear garments

4.12.2 Manufacturing process of ready-to-wear garments

4.12.3 Value Chain analysis of ready to wear garment

4.12.4 Cost of production of different types of ready-to-wear garments

4.12.5 Type of production schedule adopted

4.12.6 Garment units under different names

4.12.7 Raw materials of ready-to-wear garments

4.12.8 Nature of production problems of women entrepreneurs in readymade garment industry

4.13 Labour

4.13.1 Details of labour force

4.13.2 Availability of skilled labour

4.13.3 Labour recruitment

4.13.4 Sources of labour
4.13.5 Mode of Payment and Incomes ..................................................... 289
4.13.6 Nature of labour problem of women entrepreneurs in readymade garment industry ......................................................... 289

4.14 Technological status of women managed readymade garment units ...... 291
4.14.1 Classification of Machinery .......................................................... 292
4.14.2 Level and nature of technology adopted by women entrepreneurs in readymade garment industry ........................................ 295
4.14.3 Awareness about changing nature of technology ....................... 296
4.14.4 Need for Technology Up gradation in readymade garment units .......................................................... 297
4.14.5 Technology Up gradation Fund (TUF) scheme ......................... 299
4.14.6 Computer Aided Designing (CAD) .............................................. 299

4.15 Prospects of the women managed readymade garment industry in Kerala .... 300

5 FINDINGS, SUGGESTIONS & CONCLUSION .................................. 305-332
5.1 Findings of the study ................................................................................. 309
5.1.1 Profile of respondents and enterprise details .......................................... 310
5.1.2 Impact of socio-economic factors for promoting the growth of women entrepreneurship in readymade garment industry ...... 312
5.1.3 Government supportive services for the development of women managed readymade garment industrial units in Kerala ...... 314
5.1.4 Impact of various government supportive services for the development of women managed readymade garments units in Kerala ......................................................... 315
5.1.5 Supportive services of financial institutions for the development of women managed readymade garment units in Kerala ......................................................... 317
5.1.6 Problems of Women Entrepreneurs in Readymade garment industrial Units in Kerala ......................................................... 317
5.1.7 Technological Status of Women Managed Readymade Garment Units ........................................................................................ 319

5.2 Suggestions .......................................................................................... 319
5.3 Conclusion .......................................................................................... 330
