Limitations

Chapter 1
Total Quality Management 31-47

Chapter 2
ISO 9000 Certification 48-59
2.1 Total Quality Management and ISO 9000 certification

Chapter 3
Analysis of Data 60-202
3.1 Analysing the relationship of Total Quality Management and the quality management standard ISO 9000 among the ISO 9000 certified manufacturing organisations in Kerala 61
3.1.1 Creating consistency of purpose
3.1.2 Adopting the new philosophy
3.1.3 Cease dependence on mass inspection
3.1.4 End the practice of choosing suppliers based on price
3.1.5 Identify problems and work continuously to improve the system
3.1.6. Adopt modern methods of training on the job
3.1.7. Change the focus from production numbers (quantity) to quality
3.1.8. Drive out fear
3.1.9. Breakdown the barriers between departments
3.1.10. Stop requesting improved productivity without providing such method to achieve it
3.1.11. Eliminate work standards that prescribe numerical quotas
3.1.12. Remove barriers to pride of workmanship
3.1.13. Institute vigorous education and training
3.1.14. Taking action to accomplishing the transfer
3.1.15 Employee participation
3.1.16 Teamwork
3.1.17 Supplier Teaming
3.1.18 Continuous improvement
3.1.19 Unity of purpose
3.1.20 Top management Commitment
3.1.21 Customer focus
3.1.22 Benchmarking
3.1.23 Employee education and training
3.1.24 Use of Statistical Process Control tools
3.1.25 Information usage about quality
3.1.26 Value analysis
3.1.27 Employee participation
3.1.28 Teamwork
3.1.29 Supplier Teaming
3.1.30 Continuous improvement
3.1.31 Unity of purpose
3.1.32 Top Management Commitment
3.1.33 Customer focus
3.1.34 Benchmarking
3.1.35 Employee Education and Training
3.1.36 Statistical Process Control (SPC) tools
3.1.37 Information about Quality
3.1.38 Value Analysis

3.2 Analysing the relationship between Total Quality Management and Organisational Performance among the ISO 9000 certified Manufacturing organisations in Kerala

3.2.1. Analysing how the Total Quality Management is practiced among the ISO 9000 certified manufacturing organisations in Kerala
3.2.1.1 Employee Participation (EP)
3.2.1.1.1 Managers’ opinion on whether they encourage employee suggestions in their organisation
3.2.1.1.2 Managers’ opinion on the practice of quality circle
3.2.1.1.3 Managers’ opinion on the relevance of Quality circle in the organisations
3.2.1.1.4 Workers’ opinion on whether they are the members of the quality circle
3.2.1.1.5 Workers’ opinion on the reasons for joining in quality circle
3.2.1.1.6 Managers’ opinion on the practice of Total productive maintenance
3.2.1.7 Managers’ opinion on the relevant factors adopted their organisation to implement and maintain TPM
3.2.1.8 Workers’ opinion on the Practice of TPM
3.2.1.9 Workers’ opinion on the factors adopted by their organisation to maintain TPM
3.2.1.10 Workers’ opinion about their authority to do TPM
3.2.1.11 Managers’ opinion on the reason for practicing Ergonomics in the organisation
3.2.1.2 Teamwork
3.2.1.2.1 Managers’ opinion on the relevance of teamwork
3.2.1.2.2 Programs adopted by the organisations to have team work
3.2.1.2.3 Managers’ opinion about the subordinate- superior relationship
3.2.1.2.4 Workers’ opinion on superior- subordinate relationship
3.2.1.3 Supplier Quality Management
3.2.1.3.1 Managers’ opinion on the basis for Supplier selection
3.2.1.3.2 Managers’ opinion on the supplier relationship
3.2.1.3.3 Managers’ opinion on the supplier development
3.2.1.3.4 Workers’ opinion on whether they faced any problems with the quality of materials supplied
3.2.1.3.5 Workers’ opinion on the type of problems with the materials supplied
3.2.1.3.6 Workers’ opinion on whether they get same type of materials all the time
3.2.1.3.7 Workers’ opinion on whether the work was affected with the change in the type of materials supplied
3.2.1.3.8 Workers’ opinion on the problems that the workers faced with the change in the type of materials supplied.
3.2.1.4 Continuous Improvement (Kaizen)
3.2.1.4.1 Managers’ opinion on the functions of R&D department in the organisation
3.2.1.4.2 Managers’ opinion on the responsibility for product design and development
3.2.1.4.3 Managers’ opinion on the basis for up-gradation of technology
3.2.1.4.4 Workers’ opinion on the responsibility of the new product development
3.2.1.5 Unity of Purpose
3.2.1.5.1 Managers’ opinion on the responsibility for the quality
3.2.1.5.2 Managers’ opinion on whether they practice the Internal Customer concept
3.2.1.5.3 Managers’ opinion on the meaning of Internal Customer Concept in there organisation
3.2.1.5.4 Managers’ opinion on the attitude of labor unions about quality improvement practices
3.2.1.5.5 Managers’ opinion on the extent to which the superiors lead in a way that is consistent with the aims of the organisation
3.2.1.5.6 Managers’ opinion on whether the superiors appreciates the subordinates on there performance about quality
3.2.1.5.7 Workers’ opinion on the responsibility on quality improvement
3.2.1.5.8 Workers’ opinion on whether they think that different departments work for a common goal
3.2.1.5.9 Workers’ opinion on whether they practice 5S
3.2.1.6 Top Management Commitment
3.2.1.6.1 Managers’ opinion on whether their organisation is committed to quality improvement practices
3.2.1.6.2 Managers’ opinion on how their organisation is committed to quality
3.2.1.6.3 Relative importance given by the managers on quality, cost of production and production schedule
3.2.1.6.4 Relative importance given by the workers on quality, cost of production and production schedule
3.2.1.6.5 Managers’ opinion on their role in effective implementation of quality
3.2.1.6.6 Managers’ opinion on the importance given to quality, quantity, time and other factors while in fixing work standard
3.2.1.6.7 Workers’ opinion on whether their Organisation is committed to quality
3.2.1.6.8 Workers’ opinion on how their organisation is committed to quality
3.2.1.6.9 Workers’ opinion on whether the money allocated for the maintenance of quality were adequate
3.2.1.7 Customer Focus
3.2.1.7.1 Managers’ opinion on whether they obtain customer feedback
3.2.1.7.2 Managers’ opinion on the extent of use of customer satisfaction surveys for quality improvement
3.2.1.7.3 Managers’ opinion on the awareness of the customer satisfaction survey results by the functional managers
3.2.1.7.4 Managers’ opinion on whether the sales and marketing people use quality as a saleable attribute
3.2.1.8 Benchmarking
3.2.1.8.1 Managers’ opinion on whether they practice benchmarking
3.2.1.8.2 Managers’ opinion on why they use of benchmarking
3.2.1.8.3 Managers’ opinion on whom do they benchmark
3.2.1.9 Employee Education and Training
3.2.1.9.1 Managers’ opinion on whether they provide training for employees on a continuous basis
3.2.1.9.2 Managers’ opinion on the topics covered in the quality training curriculum
3.2.1.9.3 Workers’ opinion on the frequency of employees training
3.2.1.9.4 Workers’ opinion on whether they received training on quality
3.2.1.9.5 Workers’ opinion on the type of training they followed
3.2.1.9.6 Workers’ opinion on the topics covered in the quality training
3.2.1.9.7 Workers’ opinion on the attitude of the labour unions towards quality initiatives
3.2.1.10 Statistical Process Control Usage (SPC)
3.2.1.10.1 Managers’ opinion on the uses of SPC tools used in the organisations
3.2.1.10.2 Managers’ opinion on whether they display statistical evidence of change in quality
3.2.1.10.3 Managers’ opinion on the method of inspection practiced for raw materials
3.2.1.10.4 Managers’ opinion on the method of inspection practiced for work-in-process
3.2.1.10.5 Managers opinion on the method of inspection practiced for finished goods
3.2.1.10.6 Managers’ opinion on the method of inspection practiced for Supplies
3.2.1.10.7 Workers’ opinion on the extent of use of SPC tools in manufacturing
3.2.1.10.8 Workers’ opinion on the reasons for using Statistical Process Control tools
3.2.1.10.9 Workers’ opinion on the type of Mathematical tools and techniques used
3.2.1.11 Information usage about quality
3.2.1.11.1 Managers’ opinion on whether they Discus quality related issues in the executives meeting
3.2.1.11.2 Topics discussed in meetings about quality
3.2.1.11.3 Managers’ opinion on the providing of feedback to the employees on their performance
3.2.1.11.4 Managers’ opinion on how the employees report any working conditions that interfere with quality
3.2.1.11.5 Managers’ opinion on whether there is any cell / forum to discuss and clarify the queries of the employees regarding quality
3.2.1.11.6 Managers’ opinion on the type of cell/forums to discuss about quality
3.2.1.11.7 Managers’ opinion on the strategies adopted for the promotion of quality performance vs goals
3.2.1.11.8 Workers’ opinion on whether they discuss about quality related issues in the meeting
3.2.1.11.9 Workers’ opinion on the topics related to quality they discuss in the meeting
3.2.1.11.10 Workers’ opinion on whether they receive feedback on quality
3.2.1.11.11 Workers’ opinion on the utilisation of feedback
3.2.1.11.12 Workers’ opinion on documentation of quality related problems occurred during the work
3.2.1.11.13 Workers’ opinion on whether they have reported the problems with materials supplied to their supervisors
3.2.1.11.14 Workers’ opinion on whether the supervisors took necessary actions on the problems reported
3.2.1.11.15 Workers’ opinion on whether they made suggestions about their work
3.2.1.11.16 Workers’ opinion on how the employee suggestions were made
3.2.1.11.17 Workers’ opinion on whether they have any programs to develop communication
3.2.1.11.18 Workers’ opinion on the type of programs they had to develop communication/teamwork
3.2.1.11.19 Workers’ opinion on how does the management makes the quality improvement initiatives visible
3.2.1.11.20 Workers’ opinion on whether they have numerical displays showing the advantages of having improve quality
3.2.1.12 Value Analysis
3.2.1.12.1 Managers’ opinion on the extent of Value analysis use in the organisation
3.2.1.12.2 Managers’ opinion on the areas were value analysis used

3.2.2 Analysing the organisational performance of the ISO 9000 certified manufacturing organisations after its ISO 9000 certification
3.2.2.1 Change in customer satisfaction after ISO 9000 certification
3.2.2.2 Change in profitability after ISO 9000 certification
3.2.2.3 Change in employee satisfaction level after ISO 9000 certification
3.2.2.4 Change in Labour efficiency level after ISO 9000 certification
3.2.2.5 Change in Competitive position after ISO 9000 certification
3.2.2.6 Change in the Market share after ISO 9000 certification
3.2.2.7 Change in Quality of work force level after ISO 9000 certification
3.2.2.8 Change in Multi-skilled work force level after ISO 9000 certification
3.2.2.9 Change in Delivery time after ISO 9000 certification
3.2.2.10 Change in Cost of production after ISO 9000 certification
3.2.2.11 Change in Customer complaints after ISO 9000 certification
3.2.2.12 Change in Supplier lead-time after ISO 9000 certification

3.2.3 Analysis on finding any relationships exist between TQM and organisational performance among the ISO 9000 certified manufacturing organisations in Kerala

3.3 The practice of Total Quality Management between the ISO 9000 certified private and public sector manufacturing organisations in Kerala

3.4 The perception about the practice of Total Quality Management among the managers and workers of the ISO 9000 certified manufacturing organisations in Kerala

Chapter 4
Findings

4.1 Analysing the relationship of Total Quality Management and the quality management standard ISO 9000 among the ISO 9000 certified manufacturing organisations in Kerala

4.2 Analysing the relationship between Total Quality Management and organisational performance among the ISO 9000 certified Manufacturing organisations in Kerala

4.2.1 Analysing the practice of Total Quality Management among the manufacturing organisations in Kerala

4.2.1.1 Managers’ opinion on whether they encourage employee suggestions in their organisation
4.2.1.2 Managers’ opinion on the practice of quality circle
4.2.1.3 Managers’ opinion on the relevance of Quality circle in the organisations
4.2.1.4 Workers’ opinion on whether they are the members of the quality circle
4.2.1.5 Workers’ opinion on the reasons for joining in quality circle
4.2.1.6 Managers’ opinion on the relevant factors adopted their organisation to implement and maintain TPM
4.2.1.7 Workers’ opinion on the Practice of TPM
4.2.1.8 Workers’ opinion on the factors adopted by their organisation to maintain TPM
4.2.1.9 Workers’ opinion about their authority to do TPM
4.2.1.10 Manages opinion on the reason for practicing Ergonomics in the organisation
4.2.1.11 Managers’ opinion on the relevance of teamwork
4.2.1.12 Programs adopted by the organisations to have team work
4.2.1.13 Managers’ opinion on the superior-subordinate relationship
4.2.1.14 Workers’ opinion on superior- subordinate relationship
4.2.1.15 Managers’ opinion on the basis for Supplier selection
4.2.1.16 Managers’ opinion on the supplier relationship
4.2.1.17 Managers’ opinion on the supplier development
4.2.1.18 Workers’ opinion on whether they faced any problems with the quality of materials supplied
4.2.1.19 Workers’ opinion on the type of problems with the materials supplied
4.2.1.20 Workers opinion on whether they get same type of materials all the time
4.2.1.21 Workers’ opinion on whether the work was affected with the change in the type of materials supplied
4.2.1.22 Workers’ opinion on the problems that the workers faced with the change in the type of materials supplied.
4.2.1.23 Managers’ opinion on the effectiveness of R&D department in the organisation
4.2.1.24 Managers’ opinion on the Emphasis on interdisciplinary approach to product design and development
4.2.1.25 Managers’ opinion on the extent of up-gradation of technology
4.2.1.26 Workers’ opinion on the responsibility of the new product development
4.2.1.27 Manager’s opinion on the responsibility of the quality
4.2.1.28 Managers’ opinion on whether they practice the Internal Customer concept
4.2.1.29 Managers’ opinion on the meaning of Internal Customer Concept in there organisation
4.2.1.30 Managers’ opinion on the attitude of labor unions about quality improvement practices
4.2.1.31 Managers’ opinion on the extent to which the superiors lead in a way that is consistent with the aims of the organisation
4.2.1.32 Managers’ opinion on whether the superiors appreciates the subordinates on there performance about quality
4.2.1.33 Workers’ opinion on the responsibility on quality improvement
4.2.1.34 Workers’ opinion on whether they think that different departments work for a common goal
4.2.1.35 Workers’ opinion on whether they practice 5S
4.2.1.36 Managers’ opinion on whether their organisation is committed to quality improvement practices
4.2.1.37 Managers’ opinion on how their organisation is committed to quality
4.2.1.38 Relative importance given by the managers to quality versus cost of production, production schedule
4.2.1.39 Workers’ opinion on the relative importance given by the workers to quality versus cost of production, production schedule
4.2.1.40 Managers’ opinion on their role effective implementation of quality
