ACKNOWLEDGEMENT

I express my deep sense of gratitude and indebtedness to: Dr. Jose Padikkala, supervising teacher, and Assistant professor, Amala Cancer Research Centre, for his valuable guidance, critical suggestions, constant support and encouragement through out the course of this work and preparation of the thesis.

Dr. Ramadasan kuttan, Research Director, Amala Cancer Research Centre for his valuable advise, suggestions and encouragement during the course of my research work.

Rev. Fr. Pius, Director, Rev. Fr. Gabriel, founder Director and Rev. Fr. Walter Thelappilly Joint Director, Amala Cancer Hospital and Research Centre, for permitting me to do my research work at this centre.

Dr. Girija kuttan, and Dr. Thobias P. Maliekkal Professors, Amala Cancer Research Centre for their constant support and enthusiasm through out my studies.

All colleagues at Amala Cancer Research Centre especially Mr. Shylesh B.S and Sr. Mariya Victor for their sincere co-operation and timely help extended to me for the successful completion of my work.

Dr. Lissy Krishnan, Scientist, Thrombotic Research Centre, Sree Chitra Thirunal Institute of Medical Sciences, Thiruvananthapuram for her genuine help in carrying out platelet aggregation studies.

Dr. Annamalai, Amala Cancer Research Centre who helped me by reading the thesis and making necessary corrections.

My parents and other family members for their constant encouragement and co-operation through out my studies.

Achuthan. C.R.
