

## ACKNOWLEDGEMENTS

I bow my head before God Almighty for blessing me to complete this work successfully.

I express my deep sense of gratitude to Dr. Sabu Thomas, Reader, School of Chemical Sciences, Mahatma Gandhi University, Kottayam and Dr. S. S. Bhagawan, Scientist, Propellant Engineering Division, Vikram Sarabhai Space Centre, Thiruvananthapuram, for kindly suggesting the problem of my research work and for their invaluable help and constant encouragement.

I am extremely grateful to Prof. (Dr.) V. N. Rajasekharan Pillai, Vice-Chancellor, Mahatma Gandhi University, Kottayam and former Director, School of Chemical Sciences, and Dr. M. Padmanabhan, Reader-in-Charge, School of Chemical Sciences, for providing me the facilities to carry out the work. I am highly obliged to Dr. S. Someswara Rao, Head, Propellant Engineering Division, Vikram Sarabhai Space Centre, and Mr. N. Prabhakaran, Head, Characterisation Section, Vikram Sarabhai Space Centre, for permitting me to utilise the facilities. The support and advice given to me by Dr. Pius Kuruville, Lecturer, School of Chemical Sciences, is also gratefully acknowledged.

Acknowledgements are due to Ms. Indira Doraiswamy, Director, South Indian Textile Research Association (SITRA), Coimbatore, and Dr. Peter Koshy, Scientist, Regional Research Laboratory (RRL), Thiruvananthapuram, for permitting SEM analysis, Mr. Filcy T. Baby, Botany Department, CMS College, Kottayam, for the assistance given in carrying out optical analysis, Dr. K. Ramamurthy, former Deputy Director and Dr. R. Janardhan, Central Institute of Plastics Engineering and Technology (CIPET), Chennai, for permitting rheological measurements and Mr. Baby John, Rocket Propellant Plant, Vikram Sarabhai Space Centre (VSSC), for permitting me to take the rheographs.

I am thankful to Mr. G. Balasubramanian and Mr. S. Balasubramani Iyer, Propellant Engineering Division, Vikram Sarabhai Space Centre, for their concern and help throughout this work. Thanks are also due to the office, technical as well as library staffs of School of Chemical Sciences, for their warm co-operation. The exemplary service rendered by the Documentation Section, Mahatma Gandhi University Library deserves special mention.

I express my sincere thanks to all of my friends in Polymer Technology Laboratory for their valuable help and wholehearted co-operation. A special word of thanks to Dr. R. Asaletha, Ms. V. G. Geethamma and Mr. T. Johnson, for their sincere help during the preparation of this thesis.

Heartfelt thanks to my friends especially Dr. Dhanya Viswam, Ms. Subha V. Nair, Ms. Aji P. Mathew, Ms. R. Rekha and Ms. Mariamma Mathew, for their love and affection during my stay in the hostel.

I remember with thanks the timely help from my relatives Mr. Philip Vattasseril and Mr. K. B. Joseph and family.

The financial assistance from Mahatma Gandhi University (JRF) and the Council of Scientific and Industrial Research, New Delhi (SRF), is also gratefully acknowledged.

I am grateful to Mr. Benny George, Mr. Anil and all other members of Copy Write, Ettumanoor for the skill and labour they have expended in the preparation of this thesis.

Finally, I express my indebtedness to my Parents and family members for their perpetual and unreserved support.

**Hima Varghese**
