

ACKNOWLEDGEMENT

I sincerely thank my Supervisor **Dr. S.THANGASAMY**, who supported and inspired me in my research work.

I would like to thank all the practitioners who actively participated in completing the questionnaire and who made themselves available for the discussions.

I wish to express my gratitude to **Mr. MADHUR KATHURIA**, event coordinator of all India Scrum Enthusiastic Community groups, without whom it would have become highly impossible to collect information from the agile practitioners.

I am especially grateful to **Mr. G.GUNASUNDARAM**, agile coach and scrum master in SI systems Pvt. Ltd. He gave me many ideas in preparing the questionnaire and reviewed the recommendations. He acted as the backbone for my research work.

I also thank **Mr. SIDDARTH GOVINDARAJ**, founder director of Silver stripe solutions, Chennai for having reviewed the recommendations. His innovative ideas helped a lot in conducting my research.

I thank the President of **SPIN Chennai** for sharing their presentations.

Last but not least my heartfelt thanks to my parents, my wife and my two sons for being the pillar of strength in completing this dissertation work.
