ACKNOWLEDGEMENTS

You are never too old to set another goal or to dream a new dream.

Lewis C.S.

Every human being on this Earth is sent by the Almighty to fulfill a definite purpose. We live for this purpose and in this process we leave our footprints on the sands of time, achieving many milestones during this journey.

First and foremost, I am obliged to God, the almighty for providing me this opportunity and granting me the capability to proceed successfully. Without Him, I would not have the wisdom or the ability to pursue the thought perceived. Thank God for the wisdom and perseverance that he has bestowed upon me during this research project. No work can be accomplished by a single individual and it needs the inspiration and sincere guidance of colleagues and intellectuals besides grace of God. I would like to extend my appreciation to the following.

Profound and extreme gratitude to the Government of Himachal Pradesh as two years study leave was granted in my favour. I am indebted from the core of my heart to all the sacrifices made by my family members as they (Smt. Kaushalya Devi (mother), Sona Pruthi (wife), Zhillika (daughter) and Ishan (son), Sh. D.N. Malhotra and Smt. Pushpa Malhotra (in-laws) spared me to cherish my dream. I am also thankful to Mr. Shashikant Sharma who was instrumental to inspire me for this endeavour.

My sincere gratitude to my advisor Dr. Y.S. Paul, Dean, College of Agriculture (and Professor, Department of Plant Pathology) for the continuous support during the study and research. Not only he accepted me as a student but provided me the opportunity to work on organic issue(s) also. His patience, motivation, enthusiasm and immense knowledge helped me in all the time of research and writing of this thesis, I could not have imagined having a better advisor and mentor for my Ph.D. study.

My deepest appreciation to the worthy members of my advisory committee, Dr. N.K. Pathania,( Director Extension Education), Dr. J.P. Saini (Head, Department of Organic Agriculture), Dr. D.K. Baniyal and Dr. Surinder Sharma for their invaluable suggestions, critical evaluation and never ending cooperation during the course of this investigation and preparation of this manuscript.

My special gratitude to Dr. P.N. Sharma, Head, Department of Plant Pathology, for his notable encouragement & indispensable support on various occasions. I also owe my grateful thanks to Dean, Post Graduate Studies, CSK HP Agricultural University and Dr. Rameshwar and Dr. Sanjay Chadha for facilitating my research work and providing me the necessary facilities during the course of present research work at Organic Farm.

Special thanks to all the teachers of the Department of Plant Pathology (Dr. B.M. Sharma, Dr. S. Dhanola, Dr. B.R. Thakur, Dr. Suman, Dr. Amar Singh; Department of Entomology (Dr. P.K. Mehta, Dr. D.C. Sharma, Dr. K.S. Verma, Dr. R.S. Chandel, Dr. Y.S. Chandel, Dr. P.C. Sharma, Dr. A.K. Yashpaul (PA to VC) and last but not least Sahas Maharaj, Dhanesh Maharaj, Gaurav, Lalit, Laero 
whose spiritual light and faith causes me to lift myself to new levels so that I can fulfill my dream.

I am also thankful to Mr. Ajay Walia for giving final shape to my Thesis.

I am thankful to all those who said 'NO' to me. It's because of them, I did it myself.

(Albert Einstein)

In man making, a lot of hands are with him to make him a complete man and I know where 
I'm going and I know the truth, and I don't have to be what you want me to be. I'm free to be what I 
want.
