ACKNOWLEDGEMENT

I hereby extend my special thanks to Almighty God, who inspired me and gave me the courage and confidence throughout my academic career and bestowed his precious blessing to achieve the goal of completing my D.Phil thesis.

I express my special thanks and gratitude to my learned guide Dr. Mrs. Sarswati Singh, who was my first inspiration for this research. I am thankful to her for believing in my capability and providing me constant encouragement, unlimited support, helpful guidance and critical appreciation at every stage of my study. I shall be looking forward for her blessing for ever.

I gratefully acknowledge the help provided by the libraries of M.K.P (P.G) College Dehradun, National Documentation Center ICSSR, New Delhi, Indian Social Institute Lodhi road, New Delhi, International Institute for population sciences, Govandi, Mumbai and National institute of family welfare, New Delhi. Special thanks are due to the entire team of researchers and my teachers of the M.K.P (P.G) college, Psychology department and need special mention in making me what I am today.

I am thankful to Dr Mathur C.M.S female Doon Hospital Dehradun, and the family planning department of the hospital for the help they provided me.

A token of thanks to Dr. R.N Singh (Ex Director I.R.D.E, Dehradun) for the encouragement and blessings to complete my research work.

I feel fortunate enough to have wholehearted and immense support from my loving parents my mother, Dr. Padmini Joshi, C.M.S female hospital, Sharanpur and father Dr. M.K. Joshi Senior Anaesthesiologist for helping me in my research problem, and in
the preparation of Final thesis. I am indebted to them for motivating, encouraging and building my confidence.

My sincere regards and thanks are extended to my Mother-in-law Mrs Geeta Trivedi and father-in-law Mr S K Trivedi and my sister-in-law Miss Noopur Trivedi for their full support and blessings to complete my work.

I wish to put on record my sincere and special gratitude to my husband Major Vikas Trivedi, who has been a constant source of my inspiration to me, without whose sincere and selfless help I would not have ventured to take up this assignment and completed it. The silent sufferer during the period of my involvement with this work were my children Vidushi and Daksh, whom I have always been denying their due share of attention due to my preoccupation of this work.

I am very much thankful to my brother. Dr. Shubham Joshi and Neerav Sharma who supported me and helped me in computer applications.

I acknowledge the help and collective support from my friends Arti, Sonia, Sucheta and all my co-researches. My special thanks to all the subjects who participated willingly in the study.

My due thanks to Mr. Gaurav of pioneer computer prints for bringing out the thesis in its present from.

Last but not the least I would like to acknowledge with gratitude to all the authors of books, articles and studies that I have consulted and referred to in this study.
