ACKNOWLEDGEMENTS

To the Almighty, whose benevolence and blessings enabled me to undertake and complete this research study, I reverently express my deep gratitude and dedicate this work to his lotus feet.

I would like to express my wholehearted and sincere thanks to my Supervisor Dr. R. Ganesan, Professor of Eminence, Department of Mechanical Engineering and Advisor (Academic Research), B.S.A. Crescent Engineering College, Chennai for his patient and able guidance and for support at every stage of this research study. His research knowledge helped me to approach the research problem in an efficient way in all the stages. Working with him has been a pleasant and useful learning experience.

My sincere gratitude to the Doctoral Committee members Dr. T.T. Narendran, Professor, Dept. of Management Studies, IIT Madras and Dr. R. Raju, Professor, Dept. of Industrial Engineering, Anna University for their valuable advice and continuous support for this research. I am grateful to Dr. M. Murugan, Professor, Department of Mechanical Engg. and Dean (School of Mechanical Sciences), Dr. R. Rajaraman, Professor, Department of Mechanical Engg., B.S. Abdur Rahman University has been a source of inspiration and rendered unstinted support throughout my research.

I am thankful to the Management, Vice-Chancellor, Registrar Dean, Crescent Business School, Head of the Dept., Dept. of Mechanical Engg. of B.S. Abdur Rahman University and all the faculty members of CBS for their support and encouragement in completing the study.

ARAVINDH KUMARAN L
