ACKNOWLEDGEMENT

The Researcher wants to express her deep sense of gratitude to the Periyar University for having given her an opportunity to enter into the field of Research. Although this Dissertation is for the partial fulfilment of the Degree of Master of Philosophy in Commerce, it is a rare privilege given by the University to the students in the process of higher intellectual attainments.

I am unable to find suitable words, to express my deep gratitude to my guide, Dr. S. Shanmuga Sundram, M.Com., Ph.D., Professor and Head of the Department, Department of Commerce Periyar University, Salem, who has enabled me in designing the dissertation and helped me in all possible ways in the successful completion of the dissertation. I have no hesitation in recording that but for his help and kind guidance, which of course, meant great inconvenience to him, I would never have been able to complete this work.

As regards the courteous services rendered by the lead bank which led me to my goal, I am honestly thankful. And specifically, the lead bank manager and the lead bank officer were worth mentioning, for they were exceptionally cordial and informative.

Finally, I thank all my well wishers patrons and friends for their initiation and interest.
