ACKNOWLEDGEMENTS

With the great regards, gratitude and pleasure, I wish to place on record my profound sense of indebtedness to Dr. N.S. Darmwal, Reader, Department of Microbiology, my supervisor, for imparting valuable guidance and constructive criticism, unending benevolence, paternally behaviour and constant encouragement right from initiation of the work to the shipshaping of manuscript.

I express my sincere thanks to all the teachers and staff members of Department of Microbiology, Dr. Ram Manohar Lohia Avadh University, Faizabad for their help and cooperation as and when needed during the study.

I also express my sincere appreciation to Honorable Sameer S. Somaiya, Managing Director and General Manager, Somaiya Group of Companies, for their answering support, financial assistance and work place for conducting research work.

I am also thankful to Prof. V.S. Rathore, Department of Environmental Science, G. B. Pant University of Agriculture and Technology, Pantnagar, for suggestions and encouragement during course of this study.

Grateful appreciation is also given to Dr. DP Singh, Reader Department of Environment science, Dr. Behead Ro Ambedkar University, Lucknow and Dr. R.L. Singh, Reader, Department of Biochemistry, Dr. Ram Manohar Lohia Avadh University, Faizabad, for constructive suggestions and help.

My revered father has been the leading height in my life, who encouraged me immensely to pursue research.
No word can express my gratitude to mother, sisters, brother in laws and brother, who encouraged me at every step of my life.

With great pleasure, I extend my sincere thanks to my wife for the constant encouragement and help during the course of investigation.

Finally, I owe thanks to all the staff members of Hi-Tech Computers, Faizabad for excellence in typing the manuscript promptly.

(Manogya Kumar Gaur)
