LIST OF PLATES

PLATE-I
Fig 1  A view of Northern Division area
Fig 2  A view of Konganapuram plain area

PLATE-II
Fig 1  The Panoromic view of Orikalai.
Fig 2  The Eastern side view of Orikalai.

PLATE-III
Fig 1  The view of Thangaiyur Karadu.
Fig 2  The panoramic view of Parayankattur Karadu.

PLATE-IV
Fig 1  The view of Sarabanga river.
Fig 2  The view of Periya Eri.

PLATE-V
Fig 1  The Western side view of gneissic rock formation in Rakkiampatti.
Fig 2  The gneiss formation in the Rakkiampatti study area.

PLATE-VI
Fig 1  The formation of granitic gneiss is Thangaiyur.
Fig 2  The granitic gneiss rock formation found in Thangaiyur.

PLATE-VII
Fig 1  The hornblende-biotite gneiss formation in Vellakalpatti.
Fig 2  The different structures found in hornblende biotite gneiss in Vellakalpatti.

PLATE-VIII

Fig 1  The various structural pattern formed in hornblende biotite gneiss found in Vellakalpatti.

PLATE-IX

Fig 1  The white granite found in Annamalaipalayam, Idappaddi.

Fig 2  The Panoromic view of pink granite formation in Manjakkalpatti.

PLATE X

Fig 1  The pink granite in Manjakkalpatti.

Fig 2  The relationship between the pink granite and charnockite is well developed near Ayyankatuvalavu.

PLATE XI

Fig 1  The pyroxenite rock formation in Gundarasampalaiyam.

Fig 2  The dolomite rock formation found near Manjakkalpatti.

PLATE XII

Fig 1  The fold pattern ‘F₁’ found in Olagappanur.

Fig 2  The fold pattern ‘F₂’ found in Olagappanur.

PLATE XIII

Fig 1  The minor shear zone near Reddipatti.
