ACKNOWLEDGEMENT

The author wishes to express his sincere thanks and deep sense of gratitude to Dr. R. JAYAMUKTI, M.A., M.Sc., Ph.D., Professor and Head, Department of Geology, P.G. Extension Centre, University of Madras, housed at Govt. College of Engineering Campus, Salem-11, for his unstinted efforts and invaluable guidance to bring out this dissertation.

The author takes this opportunity to thank the Chief Engineer (Ground Water), Public Works Department, Madras-5, for granting permission to avail necessary hydrogeological data pertaining to Attur Valley, at the office of the Ground Water Sub Division, Salem-5. The author further thanks the Chief Engineer and Thiru A. MOHANAN, Technical Expert (Hydrogeology), (Ground Water), Madras-5 for providing necessary facilities at remote Sensing Laboratory, Tharamani, Madras, to interpret the aerial photos and Landsat Imagery regarding Attur Valley.

The author expresses his thanks to Dr. M. Nana- shanmugan, M.Sc., Ph.D., Professor and Head of the Dept. of Geology, Govt. Arts College, Salem-7, for arranging the Geological Mapping Camp at Attur.
Thanks are due to Thiru C.T. Krishnan, Asst. Director (Geology), Ground Water Sub Division, Salem-5, for giving necessary hydrogeological data pertaining to Attur Valley.

The author feels very much indebted to Thiru. V. Srinivasan and Dr. L. Ramasamy, Asst. Directors, Dept. of Geology and Mining, Madras, for having had a detailed discussion with him about Attur Valley.

A very special mention is due to Thiru. Padma Krishnamoorthy, Asst. Director (Geology), Thiru. T. Balasubramaniam and Thiru. D. Rajendra Prasad, Asst. Geologists for helping him to interpret the aerial photos at Remote Sensing Laboratory, Tharamani.

The author also thanks Thiru. T. Dickaruthu, Asst. Geophysicist and Thiru. K. C. Vengarajan, Asst. Geologist for having provided necessary geophysical data and geochemical analyses pertaining to Attur Valley.

The author remembers the kind cooperation extended to him by Thiru. P. Murugasa Boobathi, Asst. Research Officer, Soil Testing Laboratory, Salem-1, for discussing the soil classification pertaining to the study area.
The author expresses his thanks to Thiru.
A. Thangaraj, Asst. Hydrogeologist, for accompanying
him to the field for the conduct of electrical resis-
tivity survey.

The author sincerely expresses his thanks
to Thiru. K. Keelameghan, Asst. Professor of Geology,
Govt. Arts College, Salem-7, for having been kind
enough to go through the manuscript.

Last but not the least the author remembers
the co-operation extended to him by Int. K. Kalaiselvi,
Selvi. D. Vanaja, Baby D. Cokularani, Dr. K. Mohan,
Mr. N. Avikumar and M. Vijayakumar all his family members.
