

Acknowledgements

My Ph.D. research work is my part of life and a little journey into scientific research world. I have travelled joyfully in this journey with many people's words of encouragement and intellectual inputs. The following lines are the acknowledgements to those beautiful minds for their love and mercy they showered on me. With immense gratitude, I take this opportunity to express my foremost and sincere thanks to my mentors, ***Dr. R. Murugesan***, Associate Professor, Department of Chemistry, T.D.M.N.S. College, T.Kallikulam, Tamil Nadu and ***Dr. R. Venkataraman***, Associate Professor, PG and Research Centre of Chemistry, Sri Paramakalyani College, Alwarkurichi, Tirunelveli, Tamil Nadu for scholarly and infallible guidance, dynamic inspiration, invaluable suggestions and keen interest in this work which has led me in successful accomplishment of this research endeavor. I feel privileged to have them as supervisors who have inspired me to do research in the interdisciplinary area. I am also extremely grateful to them for their advice, motivation and for the freedom they gave me throughout my research work.

I express my heartfelt obligations to ***Dr. V. Haribabu***, Principal Scientist, Industrial chemistry division, CLRI, Chennai and ***Dr. T. Narasimhaswamy***, Principal Scientist, Polymer division, CLRI, Chennai for their advice and motivation to pursue Ph.D.

I would like to express my sincere gratitude to ***Dr. G. Devarajan***, Secretary, Sri Paramakalyani College, Alwarkurichi, Tirunelveli for his motivation and advice from my postgraduation to this doctoral program, ***Dr. A. J. A. Ranjith Singh***, Principal, Sri Paramakalyani College, Alwarkurichi, Tirunelveli, for his support and invaluable suggestions of biological evaluation and ***Dr. G. Alagumuthu***, Head of the PG and Research Centre of Chemistry for providing facilities and encouraging me to carry out the work successfully.

I express my sincere thanks to **Prof. Dr. Suchetha Kumari**, Department of Biochemistry, K.S.Hegde Medical Academy, Deralakatte, Karnataka for her support and invaluable suggestions of biological evaluation.

I would like to express cordial thanks to my friend and young Scientists **J.Churchil Angel AntonyRaj, Dr.I.Ravikumar** and my senior **Dr.P.Mosae Selvakumar**, Department of Chemistry, CSMCRI, Bhavnagar, Gujarat, for encouraging and helping to carry out my research work successfully.

I place my warmest of regards to **Dr.I.Joseph**, Department of Zoology and **B.Selvakumar**, Department of Chemistry, Sri Paramakalyani College, Alwarkurichi, Tirunelveli for antimicrobial support and invaluable suggestions of biological evaluation.

I would like to express special thanks to **Dr. Ranjith P Karuvalam**, Research Scholar, Department of Chemistry, School of chemical sciences, Kannur University, Kannur, **Dr. S. Aravind and Mr. R. Thiagarajan**, Department of Biotechnology, School of Chemical and Biotechnology, Sastra University, Thanjavur for help and biological support throughout my research.

I offer my heartfelt thanks to colleagues **Dr. Prashantha Gunaga, Dr. Muruganadam, Dr.Baskar, Dr.Suresha, Perumal, Murugan, Iyappan, Tamil Selvan, Durai Raja, Sethupathi, Surendar, Kumara Guru, Siva Sudar** and my friends **Alwar, Sivakumar, Venkatesh, Shankar, Tharmaraj, Aruputha Pakiya Selvan**.

Last but not least, I would like to remember my **Parents, my Wife**, all my family members and other relatives for their love and moral ethical support.

Finally, I thank **Nature Almighty** for all the blessings.

R. Rishikesan
