LIBRARY AND INFORMATION SCIENCE ABSTRACTS (LISA)
CLASSIFICATION SCHEME

1.0 Librarianship and Information Science
   1.01 Librarianship and Information Science – Electronic Publications
1.1 Library and Information Science Publications and Databases
   1.11 Book Reviews
   1.12 LIS - Conferences
   1.13 LIS – Research
   1.14 World Librarianship
2.0 Profession
   2.1 Organizations
   2.11 LIS- Biographies
   2.12 LIS - Education and Training
   2.13 Library and Information Staff
   2.14 LIS - Types of Staff
3.0 Libraries and Resource Centres
   3.1 World Libraries
   3.11 National Libraries and State Libraries
   3.12 Public Libraries
   3.13 Academic Libraries (Not School Libraries)
   3.14 Government Libraries
   3.15 Libraries of Other Organizations and Private Libraries
   3.16 Special Subject Libraries, Research Libraries
   3.17 Social Sciences, Business Libraries
   3.19 Science, Technology, Medicine Libraries
3.2 Archives
   3.21 National and Government Archives
   3.25 Sound and Film Archives
4.0 Library Use and Users
7.12 New and Renovated Buildings
7.13 Furniture
8.0 Library Technology
8.13 Library Technology – Software
9.0 Technical Services
9.1 Technical Services - Circulation Control
9.11 Technical Services - Acquisitions
9.12 Technical Services - Collection Development
9.13 Technical Services - Withdrawals
9.15 Technical Services - Preservation
9.16 Technical Services - Security
9.17 Technical Services - Shelf Arrangement
10.0 Information Communication
10.01 Electronic Publication
10.1 Information Work
10.11 Information Communication - Social Sciences, Business Information
10.13 Information Communication - Science, Technology, Medicine
10.14 Information Services
10.15 Reference Work
11.0 Bibliographic Control
11.11 Bibliographies
12.1 Periodicals Control
12.11 Cataloguing and Indexing
12.12 Cooperative Cataloguing, Bibliographic Utilities
12.14 Bibliographic Description
12.17 Online Catalogues
12.19 Indexing
12.21 Subject Indexing
12.22 Searching
12.25 Thesauri
12.26 Classification
12.27 Classification Schemes
13.0 Computerized Information Storage and Retrieval
13.11 Information Storage and Retrieval - Networks
13.12 Information Storage and Retrieval - Software
13.13 Automatic Text Analysis, Automatic Indexing, Machine Translation
13.14 Information Storage and Retrieval - Searching
13.18 Bibliographic Databases
13.19 Image Databases
13.21 Information Storage and Retrieval - Multimedia
13.23 Online Databases
14.0 Communications and Information Technology
14.1 Computer Industry
14.11 Communications and Information Technology - Networks
14.12 Computer Science
14.13 Computers
14.14 Communications and Information Technology - Software
14.18 Telecommunications and Broadcasting Technology
14.19 Computer Applications
15.0 Reading
15.1 Literacy
16.0 Media
16.1 Copyright
16.11 Printing, Publishing and Bookselling
16.15 Authorship
16.16 Publishing
16.18 Electronic Publishing
16.19 Bookselling
16.21 Broadcasting
17.0 Knowledge and Learning
17.1 Research
17.11 Education
18.0 Records Management
