Acknowledgement

Being fully aware of the fact that I would not be able to express my gratitude & thanks to all the people who were instrumental in bringing this work to completion, I take this opportunity to express my thanks to some.

With Almighty's grace, it is a proud privilege for me to acknowledge with sincere respect my deep sense of indebtedness to my most revered teacher and guide Dr. Balwant Singh, Professor, Department of Molecular Biology and Biochemistry, Guru Nanak Dev University, Amritsar for enabling me to complete this project and for his unrivalled guidance, constant encouragement and benevolent attention which I had the privilege to receive from him during the course of this work. He proved to be a torchbearer who led me from gloom of imperfection to the glory of perfection. There is not any word to mention my regards to him.

I wish to express my gratitude to my Co-guide, Dr. Pradeep H. Gupta, Senior Scientific Officer, Dept. of Biochemistry, Netaji Subhas National Institute of Sports, Sports Authority of India, Patiala, for his meticulous guidance and kind help during this endeavor of mine. I owe a great deal, not only for his kind encouragement and sometimes deservedly blunt criticism, but also for the insight and perspective that only the real expert can convey.

I express my sincere thanks to Dr. Sukhdev singh, Professor and Head and Dr. Jatinder Singh, Professor, Department of Molecular Biology and Biochemistry, Guru Nanak Dev University, Amritsar for their kind corporation, support and much needed advice during the study.

My heartfelt gratitude goes to my friends and colleagues, S. Bhupinder Singh, Mrs. Kunjamma Sebastian, Mr. Bhulinder Jeet Verma, Ricky, Poonam, Yogmaya, Sunil, Neha Kakkar, Ritu Sharma, Kshama, Vikram, Ksheetija and Aman, who lent their unstinted cooperation and enduring support in trying & odd hours of my study. Without them this work would never have seen the light of completion.

Thanks to all subjects who voluntary participated in my research work. Thanks to the non-teaching staff for their help throughout the research period.

I also acknowledge the financial support from Sports Authority of India in the form of ‘junior and senior research fellowship’

My deepest and heartfelt thanks to my naniji, nanaji, my parents, my father-in-law, my mother-in-law, my nephews Manan, Ragahv and Parv, my sisters Anubhuti, Neha, Sonia and Pooja and my Jijaji for having sustained me throughout this arduous task with their love, affection and enduring support. They gave me everything, they possibly could to ensure smooth progression of my work.

This thesis is the culmination of my husband sachin's aspirations and inspirations whose encouragement and moral support and his everlasting love and
affection enabled me to accomplish this project work. From him, I learnt that the first step in going up the ladder is flexibility, positive attitude and openness to new ideas and who made me believe that if you think you are a total failure, remember, your greatest success will forever remain god's secret.

Finally, I thank the almighty, God, who always came in the form of all these people & many more in ensuring that I reach this important milestone of my life.
