ACKNOWLEDGEMENT

During the course of a 5 year candidature, I have become indebted to a great number of people for help of many kinds. Academically, my greatest debts are, of course, to my Supervisor and Guide, Dr Sridevi Hegde, DCH, Ph.D., Head and Consultant, Department of Medical Genetics, Manipal Hospital, Bangalore-560017 for introducing to the field of research. Her encouragement, supervision and support from the preliminary to the concluding level enabled me to develop an understanding of the subject.

I express my heartfelt gratitude to co-supervisor Dr. Jayarama S. Kadandale, Head, Clinical and Molecular cytogenetics, Centre for Human Genetics, Biotech Park, Electronic City, Bangalore- 560 100 for allowing me to use the facilities of the center. His able guidance, warm support and constant discussion helped me in better understanding of research and in particular of Molecular cytogenetics.

I thank Doctoral Advisory Committee member Dr P. M. Gopinath, Professor, Life Science Centre, Manipal University and Dr. Prathima Radhakrishnan, Consultant, Fetal Medicine, Manipal Hospital, Bangalore for their constant support and valuable suggestions at various stages of my work.

I owe my deepest gratitude to Prof. Sharat Chandra, Director, Centre for Human Genetics, Biotech Park, Electronic City, Bangalore 560 100 for permitting me to complete my doctoral work at the center. I also thank Ms. Pooja S. K. and Ms. Ambika S. for helping me in FISH study.

I express my gratitude to Dr T. S. Sundareshan, Consultant, Dr Rao’s Lab, Rajaji Nagar, Bangalore for his help with the clinical samples. Constant interaction with him has helped me to widen my knowledge in the field of cytogenetics.

My sincere thanks to all the Faculty members of the Fetal medicine department, Manipal Hospital especially to Dr Preiti Venkatesh and Dr Mala Sibal for their unstinted support.
I thank Dr Meenakshi Bhat, Faculty, Centre for Human Genetics, Biotech Park, Electronic City, Bangalore 560 100 for helping me with the clinical samples.

I also thank Dr Ramesh and Dr Narendra Babu, Pediatric Surgeon from Indira Gandhi Institute of Child Health, Bangalore for their support.

I am grateful to Dr Radha Ramadevi from Rainbow Hospital, Hyderabad, Dr Indrani Suresh and Dr Sujatha Jagadeesh from Mediscan, Chennai for helping me with the clinical samples.

I gratefully acknowledge the funding sources that made my Ph.D. work possible. I am indebted to Dr. B.K. Thelma, Department of Genetics, University of Delhi, South Campus, Delhi for helping me to procure consumables during first year of research work. I am grateful to IBM, Bangalore for partly funding this research work through CAS Project expenses through clinical research. I gratefully acknowledge the co-operation of Mr. Mukundan S, GBSC-Industry Leader, IBM, Bangalore for helping me to get this funding. I also acknowledge Mr Nick Bates and Dr Martin Lawrie from Cytocell, UK for helping me with the FISH probes.

I thank my colleagues Dr Cyrill Cyrus, Ms A. Meenakshi, Ms Niby Jacob, Dr Abdul Rehman, Mr K. Balaji and Mr Sharath Babu for their invaluable support throughout my research study.

I am immensely grateful to, but unable to name the children and families with congenital abnormalities who volunteered for my research study.

Above all, I would like to thank my parents for understanding and supporting me in all my pursuits. I also thank my family for all their love and encouragement.

Lastly, I thank my wife, Rachana for her love, support, encouragement and forbearance.

Dr. Mitesh Shetty
