List of Schemes

Chapter 1

Scheme 1.1 General scheme for Ni and Pd catalyzed cross-coupling reactions........2
Scheme 1.2 Amination reaction carried by Roberts et al.................................11
Scheme 1.3 Various methods of benzyne generation.....................................12
Scheme 1.4 Representative reactions of arynes.........................................13
Scheme 1.5 α-Metalation in secondary amines.........................................41

Chapter 2

Scheme 2.1 Lithiation/arylation of N-methyl-1,2,3,4-THIQ (266)...............64
