ACKNOWLEDGEMENT

The author is profusely grateful to his respected supervisor Dr. A. Nirmal Kumar, Professor and Head, Department of Electrical and Electronics Engineering, INFO Institute of Engineering, Coimbatore for his constant support, guidance, continuous inspiration, encouragement and valuable suggestions to accomplish the research work.

The author is deeply indebted to Dr. G. Gurusamy, Professor and Dean, Department of Electrical and Electronics Engineering, Bannari Amman Institute of Technology, Sathymangalam, Erode district for his guidance and spontaneous help throughout the course of this research. He made necessary corrections in the thesis as and when needed.

The author expresses his deep sense of gratitude to Dr. K. Thanushkodi Director, Akshaya College of Engineering and Technology, Coimbatore. The author is fortunate enough to get constructive comments, advice and suggestions from Dr. G. Uma, Associate Professor, Department of Electrical and Electronics Engineering, College of Engineering, Anna University, Channai.

The author is highly grateful to the Management, Chief Executive, Principal and HOD-EEE, Bannari Amman Institute of Technology, Sathymangalam for providing necessary support and facilities to complete this research work. The author is grateful to those who directly or indirectly helped to complete the research work.

Bharani Kumar R
