Acknowledgement

This thesis has been completed with the co-operation of innumerable individuals. I, express my heartfelt gratitude and dedicated this page to all those who have actively or silently helped me in the processing and carrying out the work. Hence a few require special mention.

This thesis is the end of my journey in obtaining my Ph.D. I have not traveled in a vacuum in this journey. This thesis has been kept on track and been seen through to completion with the support and encouragement of numerous people including my well-wishers, my friends, colleagues and various institutions. At the end of my thesis I would like to thank all those people who made this thesis possible and an unforgettable experience for me. Hence, I take this opportunity to express my gratitude to all those who contributed in many ways to the success of this study and made it an unforgettable experience with value addition.

I am extremely indebted to my Supervisor, Dr. Jagdish Chandra Sinha, Professor at P. G. College Jhabua (M.P), for his continuous support on my Ph.D. study and research, for his patience, motivation, enthusiasm and immense knowledge. His guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph. D. work. I am very much thankful to him for picking me up as a research student under his guidance.

My deepest sense of gratitude to Dr. Kanhaiya Ahuja Professor and Head of the Department (School of Social Science D.A.V.V, Indore, M.P.) for his constant encouragement and support during the course of research. I gratefully acknowledge his wise counsel and criticism for completing this work in time. The joy and enthusiasm he has provided for my research was
contagious and motivational for me, even during tough phases in the Ph.D. pursuit. His motivation and mentoring always boost me during my research work.

I warmly thank Dr. Sanjay Jain and Dr. Tajamul Rafiq for their valuable advice, constructive criticism and his extensive discussions around my work. My special thanks are due for sparing the valuable time to go through the draft and making criticisms in spite of their busy schedule.

I would acknowledge the help, support, guidance and encouragement extended to me from time to time by Dr. Jyoti Jain, Dr. Jyoti Sharma, Dr. Neelma Hingo Rani, and other teaching staff.

Last but not the least, I would like to thank my family, my father Gh Hassan Yatoo and the sweet Mother Haja Begum for sparing me and bearing with me, who have been real pillars of my confidence during different phases of my research work. The work would not have been possible without their blessings, love, inspiration, encouragement, moral and financial support. I would acknowledge the help, support, guidance and encouragement extended to me from time to time of by loving brothers Shabir Ahmad Yatoo and Sajad Hassan Yatoo. Without their support and co-operation every step of the way, this work would not have been completed.

At the end I thank the Almighty Allah for giving me this life and showering His blessing on me.
