Acknowledgement

Pursuing a Ph.D. is like climbing a high peak, step by step, accompanied with bitterness, hardships, encouragement and trust and with so many people’s kind help. When, I found myself at the top enjoying the beautiful scenery, I realized that it was, in fact, teamwork that got me there. Though it will not be enough to express my gratitude in words to all those people who helped me, I would still like to give my many, many thanks to all these people.

At this moment of accomplishment, first of all I pay homage to my guide, Prof. Ramesh K. Kothari, who accepted me as his Ph.D. student. There are no proper words to convey my deep gratitude and respect for him. This work would not have been possible without his guidance, support and encouragement. Under his guidance I successfully overcame many difficulties and learned a lot.

I express my gratitude to Prof. S. P. Singh (Professor and Head, Department of Biosciences), Dr. S. V. Chanda, Dr. V. S. Thaker, Dr. R. S. Kundu, Dr. B.R.M. Vyas, Dr. Nilesh Panchal, Dr. V. M. Trivedi, Mrs. Jigna Patel, Dr. Sangeeta Gohel and Dr. Jigna Tank.

I am thankful to Dr. Charmy Kothari and Dr. Padma Ambalam for their guidance. I am thankful to Dr. C. G. Joshi, Dr. P. G. Koringa and Dr Rahul Thumbar for helping me during my research work.

I will be failing in my duties if, I do not acknowledge the support, co-operation and suggestions of my research colleagues namely Vishal Kothari, Priti Faldu, Neelam Nathani, Khushbu Kunadia, Rohit Kotadiya, Anjali Joshi, Ankit Hinsu, Divyarajsinh Jadeja, Jalpa Rank and Kavan Andharia for their valuable aids and appreciation.

I feel a great sense of happiness by dedicating this scientific work to my parents, my wife and my son who have always inspired me, prayed for me, always there cheering me up and stood by me through the good and bad time, deserve my deepest indebtedness.

Last but not the least, I would like to acknowledge all those whose name are not mentioned here but helped me directly or indirectly during the tenure of my Ph.D. work.

Priyank A. Patel
