ACKNOWLEDGEMENT

At the outset, I would like to express my sincere gratitude to my Supervisors Prof. Dr. V.K. Kanungo, Assistant Professor, Department of Botany, Govt. Nagarjuna P.G. College of Science, Raipur (C.G.) and Co supervisor Dr. S.K Jadhav, Professor and Head of School of studies in Biotechnology Pt. Ravi Shankar Shukla University, Raipur for the continuous support in my Ph.D. study and research work, for their patience, motivation, enthusiasm, expertise, understanding and, experience. I appreciate their vast knowledge and skill in many areas. Their guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisors and mentors for my Ph.D. study. I would specially like to thank my Co-supervisor Dr. S.K. Jadhav for providing me Laboratory facility in Biotechnology Dept of Pt. Ravishankar Shukla University, Raipur, C. G.

I would specially like to thank Dr. S. K. Jadhav, without, whose motivation and encouragement I would not have chosen a career in research. He is the one professor who truly made a difference in my life. It was under his tutelage that I developed a focus and became interested in Research field and He provided me with direction, technical support, library facility, helped me in literature searching, fungal identification, and helped me in taking fungal microphotographs.

I am very much grateful to Dr. Ashok Pandey Principal, Govt. Nagarjuna P.G. College of Science, Raipur, C.G., for his consistent encouragement and ensuring provision necessary facilities during my research work. I am highly thankful to Prof. and Head of Botany Department, Dr. R. Pimpalgaonkar, Dr. R.R Diwan, Dr. Preeti Tiwari, Dr. Sunita Patra, Dr. V. Kohli, Dr. N.B. Singh, Dr. Avinash Sharma, Dr. Sangeeta Vajpai for their encouragement, insightful comments and for the assistance they provided at all levels of the research project and support.

I would like to thank Dr. T. Prameela Devi, Principal Scientist (ITCC) of (IARI) Indian Agricultural Research Institute, Delhi for identification of fungal cultures. I would also like to thank Tripti Agarwal, Research Scholar of vii.
Biotechnology Dept. of Pt. Ravishankar Shukla University for helping me in identification of fungal cultures and supporting me in taking micro photographs of fungal slides.

My sincere thanks also go to Dr. Keshavkant Sahu, Dr. Afaque Qurashi, Dr K.K. Shukla, and Dr. Shubra Tiwari of Biotechnology Deptt. Pt. Ravi Shankar Shukla University, Raipur for they were always supporting me and encouraging me with their best wishes. I would also like to thank Lab Attendant of biotechnology, Pt. Ravi Shankar Shukla University, Shri Ramesh Verma, for helping me during lab work.

I would like to thank my fellow Research scholars Neha Behar, Shubha Thakur, Tripti Agarwal, Samikha Sharma, Alka Kaushik, Vina Thakur, Ankita Choudhary, Veena Joshi, Esmil Baliya, Tikendra Verma, for the stimulating discussions, for the sleepless nights we were working together before deadlines, and for all the fun we have had in the last four years in the Biotechnology Department of Pt. Ravi Shankar Shukla University. Also I would like to thank my friends of Govt. N.P.G. College of Science, Smita Sharma, Rashmi Devi Soni, Indu Soni, Khusi Dewangan and Harishankar Prasad for their moral support and time we spent together during our research work.

I would also like to thank all the Doctors, Medical Representatives and Owners of Medical shops for giving their valuable time from their busy schedule during my interview for survey of allergic diseases.

Appreciation also goes out to Mr. S.K. Bais of Indra Gandhi Krishi Vidhayala for technical support, for all of their computer and technical assistance throughout my Research work and providing me meteorological data.

I would like to thank Burhani brothers for final print out, designing and binding of thesis.

Last but not the least, I would like to thank from my deep heart to my beloved family my parents for the support they provided me through my entire life and in particular, I must acknowledge my Husband Ubaid Ahmed Khan and children Sarah Khan and Samira Khan without whose love, encouragement and
editing assistance, I would not have finished this thesis. My research would not have been possible without their helps. I would also like to thank my father Dr. Syed Gulam Rabbani and mother Niger Rabbani for always encouraging remarks and boosting inspiration. I would also like to thank my brothers, Syed Shahid Yazdani and Syed Irfan Yazdani, and younger sister Reshma Rabbani for they were always supporting me and encouraging me with their best wishes. I would like to thank my uncle Dr. G.M Hasan without whose guidance, regular fellow up for submission of thesis it would have been impossible for me to complete thesis in time. My sincere thanks to all those who helped me directly or indirectly during my research work.

Finally, I would like to thank my Husband Ubaid Ahmed Khan, he was always there cheering me up and stood by me through the good times and bad.

SHAHLA KHAN
