CONTENTS

PREFACE i-iii

CONTENTS iv-viii

INTRODUCTION 1-28

1. Sources of Air Quality Degradation
2. Significance and Magnitude of Air Quality Deterioration
3. Effects on Climatic Conditions and the General Environment
4. Impact on Human Health and Safety
5. Impact on Women, Children and Aged People
6. Impact on Plants and Animals
7. Public Health and Air Quality Protection
8. Right to Public Health—International Initiatives
9. Role of Civil Society and Good Governance
10. Right to Know and Public Awareness: Role of NGOs in Air Quality Maintenance
11. Research Problems
12. Objectives of the Study
13. Methodology

RIGHT TO HEALTH AND PUBLIC HEALTH: A CONCEPTUAL OVERVIEW 29-68

1. From Natural Right to Human Right
2. Legalistic Thoughts on Rights
3. 19th Century Schools of Thought: From Individual to Community
4. 20th Century Philosophy: Towards Articulation of Human Rights
5. Hohfeld’s Right-Duty Relation: Jurisprudential Foundation of Socio-Economic Rights and their Enforceability
6. From Human Right to Fundamental Right
7. Right to Health and Public Health: Evolution from International Instruments
8. States’ Obligation in the Context of Public Health
9. Tackling Violations of Right to Health: Role of European Human Rights Bodies—Case Study
10. Right to Healthy and Balanced Environment
11. Indian Judicial Role
12. Jurisprudential Paradigm for Judicial Activism in Public Health
13. Clean Air as part of Right to Health and Public Health
14. Conclusion
Chapter 1
EVOLUTION AND DEVELOPMENT OF AIR QUALITY CONTROL LAWS IN INDIA: AN APPRAISAL

1. Earlier Legislative Attempts
2. Constitutional Scheme on Public Health and Air Quality
3. Directive Principles of State Policy
4. Constitutional Amendments
5. Role of Five-Year Plans and Air Quality Management
6. Pitamber Pant and Tiwari Committees
7. Air Quality Preservation and Air Pollution Control Laws
8. Other Major Legislations
9. Environmental Policies
10. Judicial Activism and Public Interest Litigation
11. State of Implementation — Command and Control Regime
12. Air Quality Control Laws — A Critique
13. Role of Institutional Mechanisms in Air Quality Drive
14. Determination of Ambient Air Quality Standards — Prevailing Conflicts
15. Enforcement of Air Quality Standards — Existing Issues
17. Conclusion

Chapter 2
CONTROL OF INDUSTRIAL AIR POLLUTION:
GOVERNMENTAL MEASURES AND JUDICIAL APPROACHES

1. Industrial Air Pollutants and Impact on Health
2. Ozone Depletion and Green House effect
3. Acid Rain
4. Global Warming
5. Air Polluting Industries
6. Pollution from Thermal Power Plants
7. Pollution from Coal-fired Stations
8. European Union law on Industrial Air Quality
9. Governmental Measures in India
10. State of Industrial Air Pollutant Emission Load
11. Sustainable Industrial Development
12. Judicial Contributions in Protecting Air Quality
13. Industrial Air Pollution Control Measures
14. Conclusion
1. Indoor Air Pollution—Causes and Consequences
2. Burning of Bio-fuels
3. Indian Scenario on Bio-fuel Burning
4. Alternate Fuels for the Rural Areas
5. Kerala Law Reforms Commission Proposals on Alternative Sources of Energy
6. Changing Priorities: Cooking with Kerosene
7. Uncontrolled Burning of Solid Waste
8. Incineration
9. Tobacco Smoking: A Silent Killer
10. Impact of ‘Second hand’ Smoking/Passive Smoking
11. Legislative Control over Tobacco Consumption
12. Other Governmental Measures
13. Smoking—Judiciary’s Public Health Concerns
14. Needed Policies and Measures
15. Legal Control of Indoor Air Pollution
16. Smoke Fumes through Chimneys: Judicial Responses
17. Ratlam—Articulation of New Social Justice Orientation
18. Krishna Gopal—New Vigour to Section 133 Jurisdiction
19. Section 133—Repository of Regulatory Powers
20. Emissions of Dust Particles—Nuisance
21. Apex Court Resolves Conflict of Jurisdiction
22. Control of Personal and Indoor Air Pollution—Some Suggestions
23. Conclusion

VEHICULAR POLLUTION: CONTROLS AND JUDICIAL RESPONSES
1. High Density of Vehicles—The Main Cause
2. State of Kerala as an Example
3. Poor Maintenance of Roads and Vehicles: Another Major Reason
4. Health Hazards of Vehicular Pollution
5. Legal Control of Vehicular Pollution in India
6. Administrative Measures to Control Vehicular Pollution
7. Prevailing Issues in Administrative Measures
8. Judicial Responses: Activist Role of the Supreme Court
9. Mehta Cases: Opening of a New Era of Judicial Activism
10. Quality Control in Fuel and Miscellaneous Measures
11. Precautionary Approach Enforced as Divine Proclamations
12. Law Alone Cannot Offer Lasting Solutions
13. High Courts Also Take Activist Role
14. Judicial Adjudication in Vehicular Pollution Cases: Myths and Realities
15. Control of Vehicular Pollution: A Brief Comparative Outlook
16. Measures to Control Vehicular Pollution: Some Suggestions
17. European Union’s Auto Oil Programme
18. Need for a Clean Air Act
19. Conclusion

Chapter 7
AIR QUALITY CONTROL: THE NOISE REGULATIONS

1. Natural Right to Quietness
2. Concept of Noise Pollution
3. Actionable Noise
4. Sources of Noise Pollution
5. Effects on Human Beings
6. Effects on Other Living Beings and Non-Living Things
7. Extent of the Problem
8. Noise Hazard in Kochi
9. Statutory Control of Noise Pollution
10. Judicial Contributions
11. Inadequacy of Existing Law
12. Legislative Measures
13. General Measures
14. Administrative Measures
15. Conclusion

Chapter 8
TRADITIONAL REMEDIES: CHANGING TRENDS

1. Ancient Scriptures in the Development of Traditional Law Remedies
2. Common Law as an Abatement Tool against Pollution
3. Indian Legal Scenario on Nuisance Action
4. Strict Liability Giving Way to Absolute Liability
5. A Liability not Subject to Exceptions
6. Statutory Nuisance: A Vibrant Mechanism to Address Air Quality Challenges
8. Private Law Remedies
9. Compensatory Remedy against Ultra-Hazardous Activities
10. Impact of Treaties and Obligations on Common Law
12. Remedy under Criminal Procedure Code
13. A Remedy Completely Different and Wider in Application: High Courts of Andhra Pradesh, Madras, Kerala and Karnataka
14. Mutually Exclusive, Not Parallel and Conflicting: Supreme Court Settles the Conflict
15. Conclusion

CONCLUSIONS AND SUGGESTIONS 332-354

Table of Cases ix-xix
List of Statutes xx-xxi
Bibliography xxii-lii
