The investigator records her profound thanks to the Principals / Headmasters of the schools for the permission and complete cooperation in data collection and their support during the intervention programme.

With a deepest gratitude, she marks her love and affection to all her friends who have been at her back and call throughout the completion of the research.

She is greatly indebted to her family members for not only extending their constant support, help and encouragement but for all the sacrifices they have made during the study. Above all she owes exceptional and greatest appreciation to her aunt, Mutum Lilabati and uncle, Okram Indrajit Singh for without their love and support the study would not have seen the light of the day.

The investigator expresses her sincere gratitude to those who rendered their technical support in the statistical analysis and documentation of the thesis.

Last but not the least, the researcher expresses her sincere thanks to all the unseen hand behind this endeavour who have provided their time, energy, effort and support.
