

## **LIST OF TABLES**

|   | <b>PAGE No.</b> |
|---|-----------------|
| 3.1 Names and Number of Branches in Study Units   | 71              |
| 3.2 Sample size across the municipal corporation  | 76              |
| 3.3 Sample size break-up across the different demographic variables   | 78              |
| 4.1 Total Housing Finance Disbursements by National Housing Bank in India   | 95              |
| 4.2 Disbursements to various Institutional categories in India  | 98              |
| 4.3 Quantum of Funds from Apex Co-Operative Housing Federations in India  | 104             |
| 4.4 Disbursements of Arulanantha Nagar Sirumalar Co-operative Housing Society   | 112             |
| 4.5 Disbursements of Shanmuga Nagar Co-Operative Housing Society  | 114             |
| 4.6 Disbursements of the Nicholson Co-Operative Town Bank Limited   | 116             |
| 4.7 Disbursements of ICICI Home Finance Limited, Thanjavur  | 118             |
| 4.8 Disbursements of REPCO Home Finance Limited   | 120             |
| 4.9 Bayesian Convergence Distribution for HFGV Regression Model   | 128             |
| 4.10 Bayesian Convergence Distribution For HF-MV Regression Model   | 140             |
| 4.11 Summary of the Various Goodness of fit Statistics and other Values Corresponding to the HFSQ Moderated Structural Equation Model | 156             |
| 4.12 Bayesian Convergence Distribution for HFSQ Regression Model  | 158             |
| 4.13 Bayesian Convergence Distribution For SQM-HEI Regression Model   | 174             |

## **LIST OF FIGURES**

|  | <b>PAGE No.</b> |
|--|-----------------|
| Fig 1.1 Proposed Conceptualized Model  | 23              |
| Fig 3.1 Hypothesis Formulated for Moderating Housing Finance and Guideline Value                           | 88              |
| Fig 3.2 Hypothesis Formulated for Moderating Housing Finance and Real Estate Price                         | 90              |
| Fig 3.3 Hypothesis Formulated For Mediating And Moderating Model For Housing Finance And Real Estate Price | 91              |
| Fig 4.1 Trend Analysis Plot for National Housing Block   | 96              |
| Fig 4.2 Trend Analysis Plot for National Housing Companies   | 99              |
| Fig 4.3 Trend Analysis Plot for National Housing – Banks in India  | 100             |
| Fig 4.4 Trend Analysis Plot for National Housing – Cooperatives in India                                   | 101             |
| Fig 4.5 Trend Analysis Plot for National Housing Institutions in India                                     | 102             |
| Fig 4.6 Trend Analysis Plot for the LIC of India   | 105             |
| Fig 4.7 Trend Analysis Plot of the National Housing Bank   | 106             |
| Fig 4.8 Trend Analysis Plot for HUDCO  | 107             |
| Fig 4.9 Trend Analysis Plot for State Government Institutions  | 108             |
| Fig 4.10 Trend Analysis Plot for Arulanantha Nagar Sirumalar Cooperative Housing society                   | 113             |
| Fig 4.11 Trend Analysis Plot for Shanmuga Nagar Cooperative Housing Society                                | 115             |
| Fig 4.12 Trend Analysis Plot for Nicholson Cooperative Town Bank Limited                                   | 117             |
