ACKNOWLEDGEMENT

Alhamdulillah, first of all, I am thankful to the Almighty Allah for showering graceful blessing.

It is a great pleasure to acknowledge my heart-felt gratitude to my supervisor, Dr. Krishnendu Gupta, Assistant Professor, Department of Geography, Visva-Bharati for his constant encouragement, valuable suggestions, precious constructive guidance, sincere criticism, authentic ideas and generous effort. Without his supervision it would not have been completed.

Words are inadequate to reveal my gratitude towards Prof. Debasish Das, Department of Geography, Visva-Bharati for his valuable suggestion and adding new dimensions with constant support and encouragement for shaping my research work.

I am highly indebted to all teaching and non teaching staffs of Department of Geography, Visva-Bharati. I convey my special thanks to Prof. Uma Sankar Malik (HOD) for his guidance and help.

I am also thankful to the librarian and all staffs at Central Library especially Mridula Bhattacharjee, Professional Assistant.

I am also obliged to Chief Medical Officer of Health, Deputy Chief Medical Officer of Health and all staffs of CMOH and Dy. CMOH office of Malda district; Directorate of Health at Swastha Bhaban, Kolkata for providing me all necessary data and information.

I would like to acknowledge the cooperation of my all friends specially Swasti Vardhan Mishra, Mosfudar Rahaman, Dr. Md Najmus Saadat, Dr. Soumen Chatterjee who stood by me during all time to enrich the work. I am grateful to my land lord uncle, aunty and brother at Sukantapally, Bolpur for their love during my research. Finally, I would like to take this opportunity to express my gratitude to my parents, elder brother, elder sister, bhabhi and other family members for their love, affection and unconditional support.
