ACKNOWLEDGEMENT

First and foremost, it is my unique privilege to express my profound sense of gratitude to my thesis supervisor Dr. S. Balasundaram for his valuable guidance and constant encouragement during the course of this research work.

I am grateful to Prof. K.K. Nambiar, Prof. Karmeshu, Prof. N.P. Mukherjee, Prof. R.G. Gupta, Prof. K.K. Bharadwaj and all faculty members of School of Computer and Systems Sciences, Jawaharlal Nehru University for the beneficial course work and constant encouragement throughout my studies.

The importance attached by Defence Research and Development Organisation (DRDO) to continual upgradation of knowledge of its scientists spurred me to carry out the work reported. Thanks are therefore, due to Dr. C.R. Chakravarthy, Director, for allowing me to pursue the research work and providing necessary facilities.

I am also grateful to Shri D.R. Sikka, Director, IITM, Dr. R.K. Datta, Project Coordinator (NCMRWF) and Shri S.S. Prasad, Dy. Dir., NCMRWF Supercomputer Centre, Department of Science and Technology for providing necessary facilities and constant encouragement during the course of this research work.

Thanks are also due to my colleague Shri R.M. Singh, for his valuable suggestions and timely help during the course of this work.

Last but not the least, I am indebted to my parents without whose blessings and support it would not have been possible to complete this work.

Neelam Bhalla
