Acknowledgement

I bow my head before the feet of the “Goddess Saraswati” and Lord Shiva the almighty due to whose blessings I could able to reach at this stage and feel anything in this earth could be possible only with the blessings of this invisible that omnipresent supreme force.

I feel beholden to heartily acknowledge my deep sense of obligations to persons and in situations wherefrom I received a series of harmonious help during the course of present investigation. I wish to place on record my fathomless gratitude to my learned supervisor Dr. Anil Kumar and Co-supervisor Dr. Smita Karve for their sustained help and painstaking constructive criticism during the entire study work. It has been indeed a rare opportunity to have work under supervision of a noted scholar of such an exemplary caliber meticulous vision, high intellect. Last but not least, my special gratitude and thanks to my husband Shri. Narsimulu Mehetre and all the family members, without their timely and invaluable support I couldn’t have completed this thesis.

My heartfelt gratitude is extended to the library staff of the faculty of law as their valuable contribution make by them is appreciable.

Last but most certify not least, no perfection can be claimed by any human being. Ultimately through every effort had been made to maintain accuracy in all respects.
