ACKNOWLEDGEMENTS

First of all I am indebted to almighty God for giving me strength to take up this stupendous task.

I express my deep sense of gratitude and sincere thanks to Dr. R. L. Chaudhary, Reader in Botany, K. S. Saket Post Graduate College, Faizabad, under whose guidance, I had a privilege to take up the present investigation.

I am grateful to Dr. J. K. Lal, Principal, St. Andrew's College, Gorakhpur, as well as to Dr. H. B. Singh, Principal, K. S. Saket Post Graduate College, Faizabad, for providing necessary laboratory and library facilities during the course of my work.

I record my grateful thanks to Dr. A. B. Sinha, Reader in Botany, St. Andrew's College, Gorakhpur and Dr. V. C. Srivastava, Head, Department of Botany, H. C. Post Graduate College, Varanasi, for their constructive comments and valuable suggestions.

It is my pleasant duty to thanks all my teachers of the Department of Botany, St. Andrew's College, Gorakhpur, for their courtesy and willingness to be of assistance, whenever their services required.

I express my heartfelt appreciation to my parents, Dr. L. K. Das, Reader in Botany and Mrs. S. L. Das, Principal, my uncle Dr. F. M. Prasad, Principal, St. John's College, Agra, my brother, Dr. S. Herbert, University of Kansas, U.S.A. and elders of my family for their constant inspiration and manifold help during entire study period.

K. S. Das
