It is my boundedary to put on record my deep sense of gratitude and indebtedness to Dr. D.K. Agarwal, M.Sc., Ph.D. Department of Chemistry Bipin Bihari (P.G.) College, Jhansi, U.P. whose constant encouragement, help and invaluable guidance along enabled me to complete this thesis in the present form. He has been extremely kind in giving his exclusive and undivided attention to my research work inspite of his busy schedule.

I wish to express my sincere thanks to Dr. U.P. Singh M.Sc., Ph.D., Principal, Bipin Bihari (P.G.) College, Jhansi for providing all types of laboratory and library facilities.

I fail in my duty if I forget to remember and mention here my unfailing obligation to my mother and father who left no stone unturned for giving me facilities to my research work with devotion and zeal. I thank my brother and sisters and other relatives who were all helpful in their own way.

My beloved wife Amita who is my constant companion shares the joy and pleasure with me on this happy occassion.
