

LIST OF TABLES

Table No.	Title	After page
1.	Socio-personal profile of muskmelon growers	53
2.	Distribution of respondents according to source and method of irrigation used for muskmelon crop	56
3.	Information regarding crop rotation being followed by muskmelon growers	56
4.	Information regarding the source of seeds patronized by the muskmelon growers	57
5.	Distribution of respondents according to the reasons for selecting the source of seed of muskmelon	58
6.	Distribution of respondents according to seed replacement practice followed	59
7.	Distribution of respondents on the basis of their level of knowledge about muskmelon cultivation	60
8.	District-wise distribution of respondents according to their mean knowledge score regarding muskmelon cultivation practices	61
9.	Adoption of different varieties of muskmelon by muskmelon growers	61
10.	Distribution of respondents according to adoption of dose of chemicals used for seed treatment	62
11.	Distribution of respondents according to adoption of chemicals used for seed treatment	63
12.	Distribution of respondents according to adoption of seed rate	64
13.	Distribution of respondents according to adoption of time of sowing of seed	65
14.	Distribution of respondents according to planting distance adopted	65
15.	Information regarding age of seedlings of muskmelon for transplanting	66
16.	Information regarding the depth of seed sown in polythene bags	67
17.	Adoption of soil mixture used in polythene bags by muskmelon growers	67

List of table cont....

Table No.	Title	After page
18.	Distribution of respondents on the basis of adoption of irrigation schedule for direct sown muskmelon crop	68
19.	Adoption of dose and time of application of FYM to directly sown muskmelon crop by muskmelon growers	69
20.	Adoption of dose and time of application of FYM followed in transplanted muskmelon crop	70
21.	Adoption of dose of nitrogenous fertilizers used for direct sown crop by muskmelon growers	70
22.	Adoption of time of application of nitrogenous fertilizers to directly sown muskmelon growers	72
23.	Adoption of dose and time of application of DAP to directly sown muskmelon crop by the respondents	72
24.	Adoption of fertilizer application to the transplanted muskmelon crop	73
25.	Adoption of weed control measures in muskmelon crop	74
26.	Distribution of respondents district-wise on the basis of adoption of control measures for insect pests in muskmelon	75
27.	District-wise distribution of respondents on the basis of level of adoption of insecticides for control of insect pests	76
28.	Distribution of respondents district-wise on the basis of adoption of control measures for insect pests in muskmelon	79
29.	Distribution of respondents on the basis of adoption of fungicides in muskmelon	80
30.	Information regarding time of harvesting of muskmelon	82
31.	Information regarding marketing of muskmelon by muskmelon growers	83
32.	Correlation coefficient between respondents socio-personal traits and adoption or recommended muskmelon cultivation practices	83
33.	Multiple regression analysis of respondents socio-personal traits on adoption of recommended practices for muskmelon cultivation	87

List of table cont....

Table No.	Title	After page
34.	Socio-personal characteristics of riverbed muskmelon grower	88
35.	Information regarding the varieties sown by riverbed muskmelon growers	89
36.	Seed treatment, seed rate and time of sowing followed by riverbed muskmelon growers	90
37.	Irrigation schedule followed by riverbed muskmelon growers	91
38.	Distribution of riverbed muskmelon growers according to depth of seed sowing and planting distance followed by them	92
39.	Fertilizers and manures used by riverbed muskmelon growers	93
40.	Control measures for weeds, insect pests and disease followed by riverbed muskmelon growers	94
41.	Insecticides used for control of insect by riverbed muskmelon growers	95
42.	Fungicides used for control of diseases by riverbed muskmelon growers	96
43.	Distribution of respondent according to yield of muskmelon	97
44.	Information regarding the constrains faced by muskmelon growers sin production and marketing of muskmelon crop	98
