ACKNOWLEDGEMENT

I express my deepest gratitude to my guide Dr. K. Saravanan, Assistant Professor, Department of Zoology, Nehru Memorial College (Autonomous), Puthanampatti for his invaluable guidance and supervision. I was richly rewarded by his intellectual and scholarly advices, penetrating analysis and great interest which he shown during my research work. He took painstaking efforts in the process of shaping this research work in its present form.

I take this opportunity to reserve my feeling of gratitude to Prof. M. Ponnambalam, Iyya, Chairman, College Governing Body, Er. Pon. Balasubramanian, President and Mr.Pon. Ravichandran, Secretary, Nehru Memorial College (Autonomous), Puthanampatti for providing all the necessary facilities to carry out my research. They constantly supported and encouraged me to complete my research works.

I am extremely thankful to Dr. A. R. Ponperiasamy, Principal, Nehru Memorial College (Autonomous), Puthanampatti for his motivation and providing all the necessary facilities to carry out my research.

I am very grateful to thank Prof. M.P. Santhi, Head, Department of Zoology, Nehru Memorial College (Autonomous), Puthanampatti for her support and encouragement during the course of this research works.

I express my gratitude and indebtedness to Dr. T. Jayaprakasam, Former Principal, Nehru Memorial College (Autonomous), Puthanampatti, for providing necessary facilities and moral support to undertake my research works in the Department of Zoology.

My sincere thanks are due to Dr. K. Ramasamy, Former Principal, Nehru Memorial College (Autonomous), Puthanampatti, for providing necessary facilities during the study period.

I specially wish to express my sincere thanks to doctoral committee members Dr. P. Krishnamoorthy, Assistant Professor, Department of Zoology, Periyar EVR College,
Trichirappalli and Dr. R. Senthilkumar, Assistant Professor of Biochemistry, Raja Serfoji Government Arts College (Autonomous) Thanjavur for their valuable suggestions with constructive criticisms without which this research works could not have progressed to this level.

I express my sincere thanks to Dr. C. Balachandran, Registrar, Tamil Nadu Veterinary and Animal Sciences University (TANUVAS) for granting permission to conduct my research experiment at the Department of Poultry Science, Veterinary College and Research Institute, Namakkal.

I am highly indebted to Dr. S.C. Edwin, Professor and Head, Department of Livestock Production and Management, Veterinary College and Research Institute, Tirunelvelli for his valuable advice and suggestions right from the initiation of this research works to its present state.

I would like to thank Dr. K. Jayaraman, Associate Professor of Economics, Periyar University, Salem for his timely help and valuable suggestions in drafting this research report.

I express my warm and heartfelt thanks to all the faculty members, Department of Poultry Science, Veterinary College and Research Institute, Namakkal for providing laboratory facilities to conduct my research experiment.

I would like to thank the supporting staff members of Department of Poultry Science, Veterinary College and Research Institute, Namakkal for extending their timely help during the experimentation of this research works.

I would like to thank the Teaching staff and non-teaching members of Zoology Department, Nehru Memorial College (Autonomous), Puthanampatti for their cooperation and encouragement in completing this research works.
I express my sincere thanks to the Superintendent and staff members of college office, Nehru Memorial College (Autonomous), Puthanampatti for their support during my research work.

I am very grateful to Dr. C. Renuka, Assistant Professor of Zoology, Nehru Memorial College, Puthnampatti, Dr. S. Elavarasi, Assistant Professor of Zoology & National Post Doctoral Fellow, Holy Cross College (Autonomous), Trichy, Dr. G. Priya, Assistant Professor of Zoology, National College, Trichy, Dr. G. Revathi, Assistant Professor of Zoology, Nehru Memorial College, Puthanampatti for their encouragement and supporting in various way of possible.

I extend my special thanks to Mr. P. Karuppnan, Ph.D., Research Scholar, Department of Zoology, Nehru Memorial College, Puthanampatti for his meticulous helps from experimental period to the printed form of this thesis.

I would like to acknowledge M. Sithi Jagannara, Assistant Librarian, Department of Library Science, Veterinary College and Research Institute, Namakkal for providing necessary facilities and help to collect the literatures related to this work.

I would like to thank Mrs. R. Arulpriya, Miss B. Umarani and Ms. P. Premalatha, Ph.D., Research Scholars, Centre for Environment and Natural Drug Research (CENDR), Department of Zoology, Nehru Memorial College, Puthanampatti for their help throughout the study period.

I acknowledge Mr. Sarath, owner of KMS Poultry Farm, Namakkal for supplying necessary eggs to conduct the experimentation and I also wish to thank the workers of the farm for extending their helping hands.

I express my heartfelt thanks to my brother Mr. G. Karthik, Software Engineer, Chennai, My Parents K. Gunasekaran, G. Pushpa and my children S. Yazhini and S. Venbha for their fullest support and cooperation during the course of my research work.
Last but not least, I express my heartfelt thanks to Dr. A. Sakthivel, Assistant Professor of Economics, Arighnar Anna Govt. Arts College, Namakkal for his encouragement, support, freedom, tireless helping throughout the study period and his full effort for the document preparation.

G. MANJULA
