Acknowledgement

I bow in reverence to beautiful creator of the universe "GOD" for inspiration and for every success whose being benediction gave me all required zeal for the completion of this work.

The successful completion of any research work is a matter of great endurance, but because of the help, co-operation and support by many, associated directly or indirectly, makes the job entirely enjoyable and simple. Similarly, in the endeavors of compilation of my thesis I was given a helping hand by many of them and it is my humble duty and pleasure to express my deep sense of gratitude of appreciation to all of them.

Without of any reverend supervisor and encouragement no one can imagine finding solution of any type of difficulty in his carrier. I am highly fortunate to get it from my reverend supervisor - Dr. D. D. Tewari, Reader, Department of Botany, M.L.K.P.G. College, Balrampur, U.P., India. I am fortunate to work under him with on such a burning topic and got constant source of encouragement and support at each and every step during entire work.

I would like to express my deep sense of gratitude to my Tauji, Dr. R. K. Pandey, Ex. Professor, Ex. International Scientist in International Rice Research Institute (I.R.R.I.), Manila, Philippines and Ex. Director in Project Directorate from Cropping System Research (P.D.C.S.R.), Modipuram, Meerut. His friendly nature, vast knowledge of the subject has made the entire task easy and simple. Their deep foresight in scientific matters and valuable suggestions helped writing the manuscript.

I am highly thankful to Dr. J. P. Tewari, Reader, Department of Botany, M.L.K.P.G. College, Balrampur, for providing me valuable suggestions and especially designing the experiment.

I would like to express my heartfelt gratitude to Dr. U. N. Rai, and Dr. R. D. Tripathi, Scientist, National Botanical Research (N.B.R.I.), Lucknow for providing me valuable literatures and precious suggestions. Their keen interest in the subject gave the final touch to my work.

I am thankful to Dr. D. S. Shukla, Reader, Dr. J. S. Chauhan, Reader and R. K. Pandey, Lecturer, M.L.K.P.G. College, Balrampur, for their moral assistance whenever required. It is their judicious and valuable suggestions during the course of investigation.

It's my humble duty to express my sincere thanks to Dr. A.K. Singh, Head, Department of Zoology, K.N.I.P.S.S., Sultanpur, for his valuable advice and co-operation at each and every turn of my academic life.
I am heartily thankful to Dr. Ram Hit Tripathi, Principal, Pt. Mahadev Shukla Krishak P.G. College, Gaur, Basti, for his kind co-operation.

I feel immense pleasure in expressing my heartfelt thanks to Mr. Mridul Kumar Shukla, J.T.A., National Botanical Research Institute, Lucknow for providing me uncountable supports and his friendly nature is still enhancing my courage and giving a moral co-operation at each and every turn of my research work.

I register my thankful appreciation and underlying gratitude to my elder brothers Mr. Suresh Chandra Pandey, Executive, Land & Legal, Sahara India Commercial Corporation Limited (S.I.C.C.L.), Lucknow and Mr. Umesh Chandra Pandey who provided me all around help and love by virtue of which I have been able to achieve the state of presenting this thesis. Their uncountable encouragement and moral support always inspired me.

Language seems to be insufficient to acknowledge my elder brother Shri K.C. Pandey, Software Engineer in USA and "Bhabhi" Smt. Veera Pandey for their inspiration, love and co-operation during the study period.

Words fall short to convey my emotional sentiments from the softest corner of heart to "Bhabhi" Smt. Sheela Tewari w/o Dr. D. D. Tewari whose heartiest blessing, affection, moral support, inspiration and kind co-operation helped me to reach this destination.

I would like to express my sincere gratitude to Mr. Rajendra Kumar Sahani who provided me time-to-time co-operation during my research work.

I have no words to express my sincere thanks to my colleague Dr. Akhilesh Kumar for their co-operation during course of the study. I feel my pleasure in expressing my special thanks especially to Mr. Arvind Kumar Tripathi for their uncountable encouragement and moral support, which is still carry on.

There are no words to give a shape to my natural feeling but reality can't be hidden and I would like to announce my pleasant thanks to
Mr. R. N. Upadhyay for his memorable help, suggestion and emotional encouragement in the overall preparation of my thesis.

I would like to register my deep sense of gratitude to my friend Mr. Yogesh Tripathi with his mother Smt. Veena Tripathi and father Sri. Y.B. Tripathi for their enthusiastic and zealous support during my research work.

I register my sincere thanks to my childhood friends Dr. Abhishek Shukla, (M.B.B.S.) Dr. Naveen Kumar Srivastava, (M.B.B.S.) and Dr. Laiq-ulzama, (M.B.B.S.) for their friendly treatment. It's my moral duty to explain my sweetest complements to my friends Mr. Sanjeev Rai, (Advocate) and Mr. Ashish Mishra, Technician grade - II in Sanjai Gandhi Post Graduate Institute of Medical Sciences (S.G.P.G.I.M.S.), Lucknow, for their co-operation during my research work.

I am extremely obliged and emphatically my loyal thanks to Shri Harish Chandra Shukla, lecturer, Government P. G. College Musafirkhana, Sultanpur, who inspired me to initiate the research endevours under supervision, Dr. D. D. Tewari.

Words are not adequate in my vocabulary to show indebtedness to my beloved parents, Smt. Savitri Pandey & Shri Ram Pratap Pandey for their love, blessings and kind support in shaping my academics.

Last but not the least I would like to thanks Mr. Mahendra Pal Singh Negi, Biometry & Statistics Division, Central Drug Research Institute (C.D.R.I.), Chattar Manzil Palace, Lucknow, who really deserves the credit for statistical analysis, graphs and presentation of this thesis in the current form is highly acknowledged.

I thank all those whose names do not figure here but have helped me directly or indirectly in shaping up this thesis.
