Acknowledgement

While crossing another milestone in the race of my academic excellence, I am willing to remember those figures, without whose efforts this strenuous work couldn’t experience a glorifying moment of its ultimate goal. Some glorifying moments come in this short eventful life that are kept in one corner of the heart for good, so that one can find out the significance of life recalling these sweet memories.

In such an auspicious moment the author is willing to remember those figures, without whose efforts this strenuous work could not have experience its success.

The dissertation has been made possible through the support and encouragement I have received from the faculty and friends here at my university and the family members at my home.

I place on record my deep sense of gratitude and profound indebtedness to my supervisor Professor (Dr.) Goutam Paul, Professor and Head Department of Physiology and Ex- Dean of Science, University of Kalyani, Kalyani, West Bengal, for encouraging me to pursue this research topic, for his constant and unceasing support, constructive guidance, and heartwarming encouragements which kept my sprit at every step throughout my study period and also have no words to place my heartfelt gratitude for selection of the research topic and permitting me to do my research work in Andaman and Nicobar Islands. Professor (Dr.) Goutam Paul has been a perfect role model. He has been good humoured and kind at all times, going well out of his way to help me in times of personal crisis. I wish to be associated with him in future as well.

I would like to avail this opportunity to record my sincere gratitude to Dr. Sibnarayan Dam Roy, Director, Indian Council of Agricultural Research - Central Island Agricultural Research Institute, Port Blair, Andaman and Nicobar Islands for granting me the leave to pursue my research work, encouragement and specially for generously extending all the facilities at CIARI, Port Blair, Andaman and Nicobar Islands which made the present work possible.

I wish to express my indebtedness to Dr. Nagesh Ram, Senior Scientist and Head, Indian Council of Agricultural Research - Krishi Vigyan Kendra, Central Island Agricultural Research Institute, Port Blair, South Andaman District was instrumental for my research work and extended constructive suggestions, immense support, untiring guidance, and sincere advice throughout the work and personally going through the manuscripts.

I am highly thankful to Dr. D. R. Singh, Director, ICAR - National Research Centre for Orchids, Pakyong, Sikkim and Dr. R. Soundarajan, (Rtd) Principal Scientist (Fisheries), ICAR - Central Island Agricultural Research Institute, Port Blair, for their guidance, sincere advice, motivation and encouragement till the completion of my research work.

No normal word is sufficient to convey my sincere and heartiest gratitude to Dr. Kaushik Sarkar, Assistant Professor, Krishinagar Government College, Krishinagar, West Bengal, Dr. (Mrs.) Panchali Tarafder, Dept. of Physiology, University of Kalyani,
west Bengal for their whole hearted encouragement, advices, suggestions , support and inspiration during my study period in the University.

I express my sincere thanks to (Dr.) Subhashis Sahu, Associate professor, Dept. of Physiology, University of Kalyani, West Bengal and Dr. Lakshmishri Lahiry, Assistant Professor, Department of Physiology, University of Kalyani, West Bengal for their personal guidance, advice and motivation I received during the time of my research.

I gratefully record my sincere thanks to Shri T. Joy Thomas, Agriculture Officer, Shri Vijay Kishen, Agriculture Assistant, Shri Ramesh Kumar , Deputy Project Director (HQ), ATMA, Andaman and Nicobar Administration and Md. M. N. Hassan, Deputy Project Director, ATMA, Car Nicobar , Andaman and Nicobar Administration, for their whole hearted support and compassionate help.

I shall remain grateful to the Honorable Vice-Chancellor, Dean, Registrar, the Controller of Examinations, University of Kalyani, West Bengal for providing me the opportunity, scope and requisite administrative facilities for carrying out this work.

This work would have not been completed without the valuable help cooperation and understanding of the research scholars Shri Partha Pratim Nath and Smt. Mukti Mondal, Senior Research Scholar, Department of Physiology, University of Kalyani, West Bengal.

The love and respect earned from the student community of University of Kalyani is sincerely acknowledged.

I am thankful to Dr. Narayan Chandra Choudhuri, ACTO (A.Sc), Dr. Vivek Kumar Pandey, SMS (Plant Protection), Shri K Anbumani , Skill Supporting Staff, ICAR - Krishi Vigyan Kendra, Sippighat, Port Blair and Shri Deep Mukherjee Skill Supporting Staff, ICAR - CLARI, Liaison Office, Salt lake, Kolkata for their blessings and who always kept me enthusiastic and motivated all the time during my study period.

I would like to articulate my heartiest love and affectionate gratitude to my wife, Smt. L. Krishnapyari Devi, daughter, Miss Rushilla Laishram, Miss Rastogee Laishram and son, Mr. Francis Laishram, patiently watching me going through a rough terrain towards this goal, for providing me support during the toughest of the tough tenures.

(Laishram Brojendra Singh)
