ACKNOWLEDGEMENT

I express my deepest gratitude to my guide, Prof. G.Aghila, Head of the Department, Department of Computer Science & Engineering, National Institute of Technology (NIT), Puducherry for the unfaltering devotion that she has exhibited towards my best interest. I am extremely grateful for her valuable advice, moral support and constant encouragement during the period of my research. It is a great pleasure to work with her and the freedom I enjoyed to pursue my research. She also taught me a lot to face the future much more confidently. Her personal attention is accountable for the successful completion of the thesis.

I express my gratitude to my doctoral committee members Dr.S.Sivasathya, Associate Professor, Department of Computer Science, School of Engineering and Technology, Pondicherry University and Dr.G.Ayyappan, Professor, Department of Mathematics, Pondicherry Engineering College, for their timely and valuable suggestions that helped me to improve the quality of my research work and completion of the thesis.

I would like to express my thanks to Dr. R.Subramanian, Dean and Head of the Department, Department of Computer Science, School of Engineering and Technology, Pondicherry University, Puducherry for permitting me to undergo this research and for his support.

I am also thankful to my co-researchers and my friends Mrs.R.Sunitha and Mrs.V.Uma, Department of Computer Science, School of Engineering and Technology, Pondicherry University for rendering their support and triggering me to explore the novel approaches which improved this research work greatly. I also would like to express my thanks to my co-researchers Dr.P.Thiyagarajan, Dr.K.S.Kuppusamy, Dr.K.Sarulatha and Mr.Ajitkumar, Department of Computer Science, School of Engineering and Technology, Pondicherry University for their timely support and help. My special thanks to Mr.K.Suresh, Senior Technical Assistant, Department of Computer Science, School of Engineering and Technology, Pondicherry University for his timely support.
I also convey my gratitude to teaching and non-teaching staff of the Department of Computer Science for their co-operation throughout my work.

I express my sincere thanks to my friends Mrs.T.Indumathi, Mr.G.Ramanan and Mrs.M.B.Sheela who helped me to improve my research presentation with their suggestions and their moral support.

I am grateful to my parents Mr.S.Perumal and Mrs.P.Kalaimani, without whom I wouldn’t have become whatever I am today. I express special thanks to my brother Mr.P.Karthikeyan, for his affection and timely support in all along the way. I also express my thanks to my uncle Mr.C.S.K.S.Thirukamisvaran and my sister Mrs.P.Devibala, for their affection and care which made me to focus on my research work. I have to specially mention my sweet kutties T.Kokilayazhini and T.Kokilayashini who provided entertainment and relaxation during this crucial period. Finally I also thank my other family members for their wishes.

I express my deepest and sincere gratitude to The Almighty who is guiding my life all along.

P.Shanthi Bala
