ACKNOWLEDGEMENT

The author is deeply indebted to his guide Dr. N.V. Mahalakshmi, Assistant Professor of Mechanical Engineering, College of Engineering, Anna University Chennai, for her valuable and sincere guidance. This thesis could not have been completed without her help and her consistent encouragement throughout the work.

The author expresses his profound gratitude and thanks to Prof. Mala Murugesh, Chief Executive Officer, Jerusalem College of engineering, and Dr. G. Sambandan, Principal, Jerusalem College of engineering, for their encouragement to do this research work. The author is indebted to Dr. S. Sampath Kumar, Head, Department of Mechanical Engineering, College of Engineering, Anna University Chennai Campus, and Dr. P. Tamilporai, Professor and Head, I.C. Engineering Division. The author is indebted to Dr. S. Renga Narayanan, Retired Professor, College of Engineering, Chennai 600 025 and Dr. A. Ramesh, Professor, Department of Mechanical Engineering, IIT-M, Chennai 600 036, members of the doctoral committee for their valuable suggestions and support throughout the research work. The author is honoured to thank the reviewers for their valuable comments and suggestions. The author is indebted to all his colleagues, parents, his wife, daughter and son for their whole-hearted cooperation during his research work.
