ACKNOWLEDGEMENT

Begins with the name of GOD who is our creator and sustainer my all praise goes to almighty GOD, the most beneficent and merciful for bestowing and blessing me during the completion of this work. My sincere and heartiest thanks go to my Parents and Husband, whose moral support, inspiration and affection sustained me during this work.

I consider it my right to communicate profound and overwhelmed instinct of gratitude and indebtedness to my esteemed Supervisor Dr. Nishi Sharma, Assistant Professor-II, Department of Biotechnology & Life Sciences for her insight sagacity, insinuation of belief, compassion, commiseration, critical suggestions, persuasion and continued interest during the present work. Despite his busy schedule, he gave me the liberty to encroach his valuable time.

It is an immense pleasure for me to express my thanks to Dr. Abdul Wadood Siddqui. Director of Department of Biotechnology& Life Sciences, IBMER for his indispensable guidance and providing all necessary and possible facilities required to conduct the experiments. He has been a constant source of strength and inspiration to me throughout the execution of this study.

My special “Vote of Thanks” goes to Dr. Gajendra Singh and Mr. Ram Babu Tripathi for his best wishes from beginning to the completion of this thesis.

I wholeheartedly acknowledge my Mentor Dr. I.B Singh (Officer Incharge, AIIMS, New Delhi), My seniors and colleagues Mr. Kanishka Kumar, Mr. Avinash Gautam for their help and support during the crucial stages of my research work.

I sincerely thanks to Mr. R. P Mishra, Director of Innovative Life Sciences for providing me laboratory to complete my research work mainly antimicrobial activity and Dr. Dipak Dutta, Senior Scientist and Mr. Sanjeev Meena, Senior Technician, Biochemistry Division, CDRI, Lucknow for complete my anticancer activity study.

Continuous encouragement and valuable suggestion I received from my friends, Shipra Shukla, Garima Sharma. They always stimulated me to work hard.

I sincerely acknowledge various authors and publishers both inside and outside the country, to whom I have referred to in the text. Thus, my sincere gratitude goes to many personalities who inspired me to shape this thesis.
