Acknowledgements

I have accumulated several intellectual debts while conducting this research which I would like to acknowledge. First of all, I am endlessly thankful to “MAA DURGA” for blessing me with good health, which enabled me to work hard for extra long hours during my research work and particularly during writing of this thesis.

It is difficult to overstate my gratitude to my supervisor, Dr. Sheo Mohan Prasad. I wish to express my profound thanks and gratitude to him for the excellent supervision given throughout this study. Thank you for the inspiration, guidance, encouragement, constructive criticism, support and genuine interest in this study. Thank you for broadening my scientific ideas. His wide knowledge and his logical way of thinking have been of great value for me. I could not have imagined having a better advisor and mentor for my D.Phil. thesis.

Besides my supervisor, I wish to extend my deep sense of indebtedness and reverence to Prof. D. N. Shukla (Head) and ex Heads Prof. D. R. Misra, Late Prof. P. K. Khare and Prof. Nupur Bhowmik, Department of Botany, University of Allahabad, for providing necessary laboratory facilities during the course of my research and the moral support they have given me during this study.

It is my pleasant duty to express my heartiest regards to my esteemed teachers Prof. G. K. Srivastava, Prof. B. Lal and Prof. G. L. Tiwari (ex Heads), Prof. (Mrs.) Monica Basu, Prof. D. K. Chauhan, Prof. A. Dikshit, Prof. (Mrs.) Manju Sahni, Dr. G. Kumar, Dr. N. B. Singh, Dr. H. K. Kehri, Dr. S. P. Tiwari and Dr. Satya Narayan for their constant co-operation and encouragement during my research work.

I am also grateful to Dr. Gerard Abraham, IARI, New Delhi for providing Azolla microphylla culture for my experimental work.
For the financial assistance, I am grateful to the University Grant Commission, New Delhi for granting me a fellowship to further my education.

I shall be ever grateful to Dr. Parvati Singh, Associate Professor in Home Science, Mahila Seva Sadan Degree College, Allahabad who kept free my supervisor for giving full time for this work and also for her care.

I also wish to thank my seniors Dr. Mohd. Zeeshan, Dr. M.P.V.V.B Singh, Dr. Deelip, Dr. Rajiv Dwivedi, Dr. Vagish Mishra, Dr. (Mrs.) Garima Srivastava, Dr. (Mrs.) Ranjana Singh, Dr. (Mrs.) Sheeba and Dr. (Mrs.) Parul Singh for their support and co-operation throughout the research period.

I am especially thankful to Mr. Vijay Pratap Singh for his guidance in experimental work, and proof readings of this thesis and for moral support.

I wish to thank my colleague Gunjan Dubey, who continuously helped me during the experimental campaign. She has helped a lot during experiment period. I must admit the fact that I may not have finished this work within this time span without her cordial help.

I am indebted to my fellow labmates Pragya Shukla, Prabhat Kumar Srivastava and Geeta Yadav, for providing a stimulating and fun environment to learn and grow.

I am also highly thankful to Dr. Anita Singh, Post Doctoral Fellow and Dr. Savita Gangwar for her support and co-operation during thesis compilation.

I am also thankful to Jitendra Kumar Pandey, Rajesh Kumar, Jitendra Tiwari, Yashwant Kumar and Parikshit Singh for their constant help and co-operation. I wish to thank my best friend in high school ‘Vicky’, my best friend as an undergraduate ‘Subhash’, my best friend as a graduate student ‘Ram Singh’, and my best friend as a post graduate student ‘Lalit Kumar Pandey’ for helping me get through the difficult times, and for all
the emotional support, comraderie, entertainment, and caring they provided.

My sincere thanks are due to Shree G.D. Joshi, store superintendent, Shree H.C. Joshi, Shree J.P. Joshi and Shree B.K. Tiwari for their continuous support and kind assistance in completing my research work.

I am also thankful to Sri Radhey Shyam, Ganiko Prasad, Ajay Tiwari, J. P. and other members of the department for their kind help and motivation.

I am grateful to the clerks and librarians in the Botany department of Allahabad University for helping the departments to run smoothly and for assisting me in many different ways.

I am also highly thankful to Rajeev Mishra, for technical guidance in thesis composing.

Lastly, and most importantly, I wish to thank my parents, Shree Bhagwat Yadav and Smt. Shobha Wati for giving birth to me at the first place and supporting me spiritually throughout my life. Without their encouragement and understanding it would have been impossible for me to finish this work. My special gratitude is due to my elder brother ‘Anil Kumar’, my loving sisters ‘Sunita’ and ‘Anita’ and their families for their loving support. At last, I wish to record a note of thanks to all those who helped me in one or other way.

Sushil Kumar
