ACKNOWLEDGEMENTS

The completion of this research work would not have been possible without the encouragement, help and support of many individuals. It is my privilege to thank the people who have supported and guided me throughout this research work.

I am grateful to Dr. Francis C. Peter, Vice Chancellor and Dr. L. Mahesh Kumar, Registrar, St. Peter’s Institute of Higher Education and Research, Chennai, for giving me an opportunity to carry out of my research.

I also thank Dr. S. Gunasekaran, Dean, R&D, St. Peter’s Institute of Higher Education and Research for his constant help and support.

I am highly indebted to my supervisor Dr. C. Kamalakannan, Professor, Department of Electrical and Electronics Engineering, Rajalakshmi Engineering College, Chennai, for giving me an opportunity to work under his guidance. I would like to express my sincere gratitude to him for his valuable guidance, insightful suggestions and constructive inputs.

I am grateful to Dr. N. Ramadass, Professor, Department of Electronics and Communication Engineering, Anna University, Chennai and Dr. R. Rani Hemamalini, Professor and Head, Department of Electrical and Electronics Engineering, St. Peter’s Institute of Higher Education and Research, Chennai, for guiding me as Doctoral Committee Members for my research.

Once again I thank Dr. R. Rani Hemamalini, Professor and Head, Department of Electrical and Electronics Engineering, St. Peter’s Institute of Higher Education and Research for his help during this research.

Finally, I would like to thank all those who were directly or indirectly helpful in carrying out this research.
